The municipal authority and the state shall not consider the amount of the tax credits as an applicant's cost, but shall include the tax credits in any sources and uses and cost benefit analysis reviewed or created for the purpose of awarding other economic incentives. The amount of the tax credits shall not be considered an applicant's cost in the evaluation of the amount of any award of any other economic incentives, but shall be considered in measuring the reasonableness of the rate of return to the applicant with respect to such award of other economic incentives. The municipal authority shall provide the report to any relevant commission, board, or entity responsible for the evaluation and recommendation or approval of other economic incentives to assist in the redevelopment of the eligible project area. Tax credits authorized under this section shall constitute redevelopment tax credits, as such term is defined under section 135.800, and shall be subject to all provisions applicable to redevelopment tax credits provided under sections 135.800 to 135.830.

8. *The provisions of this section shall expire December 31, 2019.*

These sections expire 9-30-18 (see section 190.839 below):

190.800. 1. Each ground ambulance service, except for any ambulance service owned and operated by an entity owned and operated by the state of Missouri, including but not limited to any hospital owned or operated by the board of curators, as defined in chapter 172, or any department of the state, shall, in addition to all other fees and taxes now required or paid, pay an

ambulance service reimbursement allowance tax for the privilege of engaging in the business of providing ambulance services in this state.

2. For the purpose of this section, the following terms shall mean:

(1) "Ambulance", the same meaning as such term is defined in section 190.100;

(2) "Ambulance service", the same meaning as such term is defined in section 190.100;

(3) "Engaging in the business of providing ambulance services in this state", accepting payment for such services;

(4) "Gross receipts", all amounts received by an ambulance service licensed under section 190.109 for its own account from the provision of all emergency services, as defined in section 190.100, to the public in the state of Missouri, but shall not include revenue from taxes collected under law, grants, subsidies received from governmental agencies, or the value of charity care.

190.803. 1. Each ambulance service's reimbursement allowance shall be based on its gross receipts using a formula established by the department of social services by rule. The determination of tax due shall be the monthly gross receipts reported to the department of social services multiplied by the tax rate established by rule by the department of social services. Such tax rate may be a graduated rate based on gross receipts and shall not exceed a rate of six percent per annum of gross receipts.

2. Notwithstanding any other provision of law to the contrary, any action respecting the validity of the rules promulgated under this section or section 190.815 or 190.833 shall be filed in the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

190.806. Each ambulance service shall keep such records as may be necessary to determine the amount of its reimbursement allowance. On or before the first day of October of each year, every ambulance service shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such ambulance service's reimbursement allowance tax. Each licensed ambulance service shall report gross receipts to the department of social services. The information obtained by the department of social services shall be confidential.

190.809. 1. The director of the department of social services shall make a determination as to the amount of ambulance service reimbursement allowance tax due from each ambulance service.

2. The director of the department of social services shall notify each ambulance service of the annual amount of its reimbursement allowance tax on or before the first day of October each year. Such amount may be paid in monthly increments over the balance of the reimbursement allowance tax period, as set forth in subsection 1 of section 190.821.

3. The department of social services is authorized to offset the federal reimbursement allowance tax owed by an ambulance service against any MO HealthNet payment due such ambulance service, if the ambulance service requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the ambulance service an amount substantially equivalent to the assessment to be due from the ambulance service. The office of administration and state treasurer are authorized to make any fund transfers necessary to execute the offset.

4. The department of social services may adjust the tax rate quarterly on a prospective basis. The department of social services may adjust more frequently for individual ambulance services if there is a substantial and statistically significant change in their service provider

characteristics. The department of social services may define such adjustment criteria by rule.

190.812. 1. Each ambulance service reimbursement allowance tax determination shall be final after receipt of written notice from the department of social services, unless the ambulance service files a protest with the director of the department of social services setting forth the grounds on which the protest is based within thirty days from the date of receipt of written notice from the department of social services to the ambulance service.

2. If a timely protest is filed, the director of the department of social services shall reconsider the determination and, if the ambulance service has so requested, the director or the director's designee shall grant the ambulance service a hearing to be held within forty-five days after the protest is filed, unless extended by agreement between the ambulance service and the director. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the reimbursement allowance determination and a final decision by the director of the department of social services, an ambulance service's appeal of the director's final decision shall be to the administrative hearing commission in accordance with section 208.156 and section 621.055.

190.815. The director of the department of social services shall prescribe by rule the form and content of any document required to be filed under sections 190.800 to 190.836. No later than November 30, 2009, the department of social services shall promulgate rules to implement the provisions of sections 190.830 to 190.836.

190.818. 1. The ambulance service reimbursement allowance tax owed or, if an offset has been requested, the balance, if any, after such offset shall be remitted by the ambulance service to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Ambulance Service Reimbursement Allowance Fund", which is hereby created for the sole purpose of providing payments to ambulance services. All investment earnings of the ambulance service reimbursement allowance fund shall be credited to the ambulance service reimbursement allowance fund. The unexpended balance in the ambulance service reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the ambulance service reimbursement allowance fund from year to year.

2. An offset as authorized by this section or a payment to the ambulance service reimbursement allowance fund shall be accepted as payment of the ambulance service's obligation imposed by section 190.800.

3. The state treasurer shall maintain records that show the amount of money in the ambulance service reimbursement allowance fund at any time and the amount of any investment earnings on that amount. The department of social services shall disclose such information to any interested party upon written request.

190.821. 1. An ambulance service reimbursement allowance tax period as provided in sections 190.800 to 190.836 shall be from the first day of October to the thirtieth day of September. The department shall notify each ambulance service with a balance due on the thirtieth day of September of each year the amount of such balance due. If any ambulance service fails to pay its ambulance service reimbursement allowance tax within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance tax may remain unpaid during an appeal as provided in section 190.812.

2. Except as otherwise provided in this section, if any reimbursement allowance tax

imposed under section 190.800 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the ambulance service and to compel the payment of such reimbursement allowance tax in the circuit court having jurisdiction in the county where the ambulance service is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend, or reinstate a MO HealthNet participation agreement to any ambulance service which fails to pay such delinquent reimbursement allowance tax required by section 190.800 unless under appeal as allowed in section 190.812.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance tax imposed under section 190.800 shall be grounds for denial, suspension, or revocation of a license granted under this chapter. The director of the department of social services may notify the department of health and senior services to deny, suspend, or revoke the license of any ambulance service which fails to pay a delinquent reimbursement allowance tax unless under appeal as provided in section 190.812.

190.824. Nothing in sections 190.800 to 190.836 shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any ambulance service granted by state or federal law.

190.827. The department of social services shall make payments to those ambulance services that have a valid MO HealthNet participation agreement with the department. The ambulance service reimbursement allowance shall not be used to supplant, and shall be in addition to, general revenue payments to ambulance services.

190.830. The requirements of sections 190.800 to 190.830 shall apply only so long as the revenues generated under section 190.800 are eligible for federal financial participation as provided in sections 190.800 to 190.836 and payments are made under section 190.800. For the purpose of this section, "federal financial participation" means the federal government's share of Missouri's expenditures under the MO HealthNet program. Notwithstanding any other provision of this section to the contrary, in the event federal financial participation is either denied, discontinued, reduced in excess of five percent per year, or no longer available for the revenues generated under section 190.800, the director of the department of social services shall cause disbursement of all moneys held in the ambulance service reimbursement allowance fund to be made to all ambulance services in accordance with rules promulgated by the department of social services, along with a full accounting of such disbursements, within forty-five days of receipt of notice thereof by the department of social services.

190.833. The ambulance service reimbursement allowance tax provided in section 190.800 shall not be imposed prior to the effective date of rules promulgated by the department of social services, but in no event prior to October 1, 2009.

190.836. No rules implementing sections 190.800 to 190.836 may be filed with the secretary of state without first being provided to interested parties registered on a list of such parties to be maintained by the director of the department of social services. Rules shall be provided to all interested parties seventy-two hours prior to being filed with the secretary of state. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 190.800 to 190.836 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 190.800 to 190.836 and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove

and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

190.839. Sections 190.800 to 190.839 shall expire on September 30, 2018.

190.840. Notwithstanding the provisions of section 1.140 to the contrary, the provisions of this act shall be nonseverable, and if any provision is for any reason held to be invalid, such decision shall invalidate all of the remaining provisions of this act.

These sections expire 9-30-18 (see section 198.439 below):

198.401. 1. Each nursing facility, except for state-owned and -operated facilities, shall, in addition to all other fees and taxes now required or paid, pay a nursing facility reimbursement allowance for the privilege of engaging in the business of providing nursing facility services, other than services in an institution for mental diseases, in this state.

2. For the purpose of this section, the phrase "engaging in the business of providing nursing facility services, other than services in an institution for mental diseases, in this state" means accepting payment for such services.

3. For the purpose of this section, the term "nursing facility" shall be defined using the definition in section 1396r, Title 42 United States Code, as amended, and as such qualifies as a class of health care providers recognized in federal Public Law 102-234 Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

198.403. Each nursing facility's reimbursement allowance shall be based on a formula set forth in rules and regulations promulgated by the department of social services as provided in section 198.436.

198.406. 1. Each nursing facility shall keep such records as may be necessary to determine the amount of its reimbursement allowance. On or before the first day of October of each year, every nursing facility shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine that nursing facility's reimbursement allowance.

2. If a nursing facility does not have a third prior year desk-reviewed cost report, elements of the reimbursement allowance shall be based on determinations by the department of social services in accordance with rules and regulations established under section 198.436.

198.409. 1. The director of the department of social services shall make a determination as to the amount of nursing facility reimbursement allowance due from each nursing facility.

2. The director of the department of social services shall notify each nursing facility of the annual amount of its reimbursement allowance on or before the first day of October each year. Such amount may be paid in monthly increments over the balance of the reimbursement allowance period.

3. The department of social services may offset the nursing facility reimbursement allowance owed by the nursing facility against any payment due that nursing facility only if the nursing facility requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the nursing facility an amount substantially equivalent to the reimbursement allowance owed by the nursing facility. The office of administration and state treasurer may make any fund transfers necessary to execute the offset.

198.412. 1. Each nursing facility reimbursement allowance determination shall be final

after receipt of written notice from the department of social services, unless the nursing facility files a protest with the director of the department of social services setting forth the grounds on which the protest is based, within thirty days from the date of receipt of written notice from the department of social services to the nursing facility.

2. If a timely protest is filed, the director of the department of social services shall reconsider the determination and, if the nursing facility has so requested, the director or the director's designee shall grant the nursing facility a hearing to be held within forty-five days after the protest is filed, unless extended by agreement between the nursing facility and the director. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the reimbursement allowance determination and a final decision by the director of the department of social services, a nursing home's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

198.416. The director of the department of social services shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of sections 198.401 to 198.436.

198.418. 1. The nursing facility reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the nursing facility to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Nursing Facility Reimbursement Allowance Fund", which is hereby created for the sole purposes of providing payment to nursing facilities and disbursing up to five percent of the federal funds deposited to the nursing facility reimbursement allowance fund each year, not to exceed one million five hundred thousand dollars, to the credit of the nursing facility quality of care fund, subject to appropriation. The "Nursing Facility Quality of Care Fund" is hereby created in the state treasury. All investment earnings of the nursing facility quality of care fund shall be credited to the nursing facility quality of care fund. The unexpended balance in the nursing facility quality of care fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the nursing facility quality of care fund from year to year. All investment earnings of the nursing facility reimbursement allowance fund shall be credited to the nursing facility reimbursement allowance fund.

2. An offset as authorized by this section or a payment to the nursing facility reimbursement allowance fund shall be accepted as payment of the nursing facility's obligation imposed by section 198.401.

3. The state treasurer shall maintain records that show the amount of money in the nursing facility reimbursement allowance fund at any time and the amount of any investment earnings on that amount. The department of social services shall disclose such information to any interested party upon written request.

4. The unexpended balance in the nursing facility reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the nursing facility reimbursement allowance fund from year to year.

198.421. 1. A nursing facility reimbursement allowance period as provided in sections 198.401 to 198.436 shall be from the first day of October to the thirtieth day of September. The department shall notify each nursing facility with a balance due on the thirtieth day of September

of each year the amount of such balance due. If any nursing home fails to pay its nursing facility reimbursement allowance within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance may remain unpaid during an appeal or as allowed in section 198.412.

2. Except as otherwise provided in this section, if any reimbursement allowance imposed under the provision of section 198.401 for a previous reimbursement allowance period is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the nursing facility and to compel the payment of such reimbursement allowance in the circuit court having jurisdiction in the county where the nursing facility is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid provider agreement to any nursing facility which fails to pay such delinquent reimbursement allowance required by section 198.401 unless under appeal as allowed in section 198.412.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance imposed under section 198.401 shall be grounds for denial, suspension or revocation of a license granted under this chapter. The director of the department of health and senior services may deny, suspend or revoke the license of any nursing facility which fails to pay a delinquent reimbursement allowance unless under appeal as allowed in section 198.412.

198.424. Nothing in sections 198.401 to 198.436 shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any nursing facility granted by state law.

198.427. The department of social services shall make payments to those nursing facilities that have a valid Medicaid provider agreement with the department. Any per diem rate, or its equivalent, used to compute such payments shall be equal to or greater than the nursing facility's per diem rate in effect on January 1, 1994, for those facilities with a permanent rate established in accordance with regulations promulgated by the department of social services. Those nursing facilities without a permanent rate or with an interim rate as of January 1, 1994, will be subject to having their permanent rate established in accordance with regulations promulgated by the department of social services in effect on January 1, 1994. Once the permanent rate is established, any per diem rate, or its equivalent, used to compute such payments shall be equal to or greater than the permanent rate established according to regulations in effect on January 1, 1994. The nursing facility reimbursement allowance shall not be used to supplant, and shall be in addition to, general revenue payments to nursing facilities.

198.428. If the family support division is unable to make a determination regarding Medicaid eligibility for a resident within sixty days of the submission of a completed application for medical assistance for nursing facility services, the patient shall be Medicaid eligible until the application is approved or denied. However, in no event shall benefits be construed to commence prior to the date of application.

198.431. The requirements of sections 198.401 to 198.433 shall apply only as long as the revenues generated under section 198.401 are eligible for federal financial participation as provided in sections 198.401 to 198.433 and payments are made pursuant to the provisions of section 198.401. For the purpose of this section, "federal financial participation" is the federal government's share of Missouri's expenditures under the Medicaid program. Notwithstanding anything in this section to the contrary, in the event federal financial participation is either denied, discontinued, reduced in excess of five percent per year or no longer available for the revenues generated under section 198.401, the director of the department of social services shall

cause disbursement of all funds held in the nursing facility reimbursement allowance fund to be made to all nursing facilities in accordance with regulations promulgated by the department of social services, along with a full accounting of such disbursements, within forty-five days of receipt of notice thereof by the department of social services.

198.433. The nursing home reimbursement allowance provided in section 198.401 shall not be imposed prior to the effective date of rules and regulations promulgated by the department of social services, but in no event prior to October 1, 1994.

198.436. No regulations implementing sections 198.401 to 198.436 may be filed with the secretary of state without first being provided to interested parties registered on a list of such parties to be maintained by the director of the department of social services. Regulations must be provided to all interested parties seventy-two hours prior to being filed with the secretary of state. No rule or portion of a rule promulgated under the authority of sections 198.401 to 198.436 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

198.439. Sections 198.401 to 198.436 shall expire on September 30, 2018.

This section expires 8-28-19:

(2) Has earned income, as defined in subsection 2 of this section;

(3) Meets the asset limits in subsection 3 of this section;

(5) Has a gross income of two hundred fifty percent or less of the federal poverty level, excluding any earned income of the worker with a disability between two hundred fifty and three hundred percent of the federal poverty level. For purposes of this subdivision, "gross income" includes all income of the person and the person's spouse that would be considered in determining MO HealthNet eligibility for permanent and totally disabled individuals under subdivision (24) of subsection 1 of section 208.151. Individuals with gross incomes in excess of one hundred percent of the federal poverty level shall pay a premium for participation in accordance with subsection 4 of this section.

Self-employed persons shall provide proof of payment of Medicare and Social Security taxes for income to be considered earned.

3. (1) For purposes of determining eligibility under this section, the available asset limit and the definition of available assets shall be the same as those used to determine MO HealthNet eligibility for permanent and totally disabled individuals under subdivision (24) of subsection 1 of section 208.151 except for:

(g) A standard deduction for impairment-related employment expenses equal to one-half of the disabled worker's earned income.

4. Any person whose gross income exceeds one hundred percent of the federal poverty level shall pay a premium for participation in the medical assistance provided in this section. Such premium shall be:

(1) For a person whose gross income is more than one hundred percent but less than one hundred fifty percent of the federal poverty level, four percent of income at one hundred percent of the federal poverty level;

(2) For a person whose gross income equals or exceeds one hundred fifty percent but is less than two hundred percent of the federal poverty level, four percent of income at one hundred fifty percent of the federal poverty level;

(3) For a person whose gross income equals or exceeds two hundred percent but less than two hundred fifty percent of the federal poverty level, five percent of income at two hundred percent of the federal poverty level;

(4) For a person whose gross income equals or exceeds two hundred fifty percent up to and including three hundred percent of the federal poverty level, six percent of income at two hundred fifty percent of the federal poverty level.

5. Recipients of services through this program shall report any change in income or household size within ten days of the occurrence of such change. An increase in premiums resulting from a reported change in income or household size shall be effective with the next premium invoice that is mailed to a person after due process requirements have been met. A decrease in premiums shall be effective the first day of the month immediately following the month in which the change is reported.

6. If an eligible person's employer offers employer-sponsored health insurance and the department of social services determines that it is more cost effective, such person shall participate in the employer-sponsored insurance. The department shall pay such person's portion of the premiums, co-payments, and any other costs associated with participation in the employer-sponsored health insurance.

7. The provisions of this section shall expire August 28, 2019.

Subsection 1 of this section terminates on 1-01-19:

208.244. 1. Beginning January 1, 2016, the waiver of the work requirement for the supplemental nutrition assistance program under 7 U.S.C. Section 2015(o) shall no longer apply to individuals seeking benefits in this state. *The provisions of this subsection shall terminate on January 1, 2019.*

2. Any ongoing savings resulting from a reduction in state expenditures due to modification of the supplemental nutrition assistance program under this section or the temporary assistance for needy families program under sections 208.026 and 208.040 effective on August 28, 2015, subject to appropriations, shall be used to provide child care assistance for single parent households, education assistance, transportation assistance, and job training for individuals receiving benefits under such programs as allowable under applicable state and federal law.

3. The department shall make an annual report to the joint committee on government accountability on the progress of implementation of sections 208.026 and 208.040, including information on enrollment, demographics, work participation, and changes to specific policies. The joint committee shall meet at least once a year to review the department's report and shall make recommendations to the president pro tempore of the senate and the speaker of the house of representatives.

These sections expire 9-30-18 (see subsection 5 of section 208.437 below):

208.431. 1. For purposes of sections 208.431 to 208.437, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Medicaid managed care organization", a health benefit plan, as defined in section 376.1350, with a contract under 42 U.S.C. Section 1396b(m) to provide benefits to Missouri MC+ managed care program eligibility groups.

2. Beginning July 1, 2005, each Medicaid managed care organization in this state shall, in addition to all other fees and taxes now required or paid, pay a Medicaid managed care organization reimbursement allowance for the privilege of engaging in the business of providing health benefit services in this state.

3. Each Medicaid managed care organization's reimbursement allowance shall be based on a formula set forth in rules, including emergency rules if necessary, promulgated by the department of social services. No Medicaid managed care organization reimbursement allowance shall be collected by the department of social services if the federal Center for Medicare and Medicaid Services determines that such reimbursement allowance is not authorized under Title XIX of the Social Security Act. If such determination is made by the federal Center for Medicare and Medicaid Services, any Medicaid managed care organization reimbursement allowance collected prior to such determination shall be immediately returned to the Medicaid managed care organizations which have paid such allowance.

208.432. Each Medicaid managed care organization shall keep such records as may be necessary to determine the amount of its reimbursement allowance. Every Medicaid managed care organization shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine that Medicaid managed care organization's reimbursement allowance.

208.433. 1. The director of the department of social services shall make a determination as to the amount of Medicaid managed care organization's reimbursement allowance due from each Medicaid managed care organization.

2. The director of the department of social services shall notify each Medicaid managed care organization of the annual amount of its reimbursement allowance. Such amount may be paid in monthly increments over the balance of the reimbursement allowance period.

3. The department of social services may offset the managed care organization reimbursement allowance owed by the Medicaid managed care organization against any payment due that managed care organization only if the managed care organization requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the managed care organization an amount substantially equivalent to the reimbursement allowance owed by the managed care organization. The office of administration and state treasurer may make any fund transfers necessary to execute the offset.

208.434. 1. Each Medicaid managed care organization reimbursement allowance determination shall be final after receipt of written notice from the department of social services, unless the Medicaid managed care organization files a protest with the director of the department of social services setting forth the grounds on which the protest is based, within thirty days from the date of receipt of written notice from the department of social services to the managed care organization.

2. If a timely protest is filed, the director of the department of social services shall reconsider the determination and, if the Medicaid managed care organization has so requested, the director or the director's designee shall grant the managed care organization a hearing to be held within forty-five days after the protest is filed, unless extended by agreement between the managed care organization and the director. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the reimbursement allowance determination and a final decision by the director of the department of social services, a managed care organization's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

208.435. 1. The department of social services shall promulgate rules, including emergency rules if necessary, to implement the provisions of sections 208.431 to 208.437, including but not limited to:

(1) The form and content of any documents required to be filed under sections 208.431 to 208.437;

(2) The dates for the filing of documents by Medicaid managed care organizations and for notification by the department to each Medicaid managed care organization of the annual amount of its reimbursement allowance; and

(3) The formula for determining the amount of each managed care organization's reimbursement allowance.

2. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 208.431 to 208.437 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 208.431 to 208.437 and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after May 13, 2005, shall be invalid and void.

208.436. 1. (1) The Medicaid managed care organization reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the managed care organization to the department of social services. The remittance shall be

made payable to the director of the department of revenue.

(2) The amount remitted shall be deposited in the state treasury to the credit of the "Medicaid Managed Care Organization Reimbursement Allowance Fund", which is hereby created for the sole purposes of providing payment to Medicaid managed care organizations. All investment earnings of the managed care organization reimbursement allowance fund shall be credited to the Medicaid managed care organization reimbursement allowance fund.

(3) The unexpended balance in the Medicaid managed care organization reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the Medicaid managed care organization reimbursement allowance fund from year to year.

(4) The state treasurer shall maintain records that show the amount of money in the Medicaid managed care organization reimbursement allowance fund at any time and the amount of any investment earnings on that amount. The department of social services shall disclose such information to any interested party upon written request.

2. An offset as authorized by this section or a payment to the Medicaid managed care organization reimbursement allowance fund shall be accepted as payment of the Medicaid managed care organization's obligation imposed by section 208.431.

208.437. 1. A Medicaid managed care organization reimbursement allowance period as provided in sections 208.431 to 208.437 shall be from the first day of July to the thirtieth day of June. The department shall notify each Medicaid managed care organization with a balance due on the thirtieth day of June of each year the amount of such balance due. If any managed care organization fails to pay its managed care organization reimbursement allowance within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance may remain unpaid during an appeal.

2. Except as otherwise provided in this section, if any reimbursement allowance imposed under the provisions of sections 208.431 to 208.437 is unpaid and delinquent, the department of social services may compel the payment of such reimbursement allowance in the circuit court having jurisdiction in the county where the main offices of the Medicaid managed care organization are located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid contract agreement to any Medicaid managed care organization which fails to pay such delinquent reimbursement allowance required by sections 208.431 to 208.437 unless under appeal.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance imposed under sections 208.431 to 208.437 shall be grounds for denial, suspension or revocation of a license granted by the department of insurance, financial institutions and professional registration. The director of the department of insurance, financial institutions and professional registration may deny, suspend or revoke the license of a Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) which fails to pay a managed care organization's delinquent reimbursement allowance unless under appeal.

4. Nothing in sections 208.431 to 208.437 shall be deemed to effect or in any way limit the tax-exempt or nonprofit status of any Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) granted by state law.

5. Sections 208.431 to 208.437 shall expire on September 30, 2018.

This section expires 6-30-19:

2. Subject to appropriations, the department may provide financial assistance for

consumer-directed personal care assistance services through eligible vendors, as provided in sections 208.900 through 208.927, to each person who was participating as a non-MO HealthNet eligible client pursuant to sections 178.661 through 178.673 on June 30, 2005, and who:

- (1) Makes application to the department;
- (2) Demonstrates financial need and eligibility under subsection 3 of this section;

- (4) Has been found by the department of social services not to be eligible to participate under guidelines established by the MO HealthNet plan; and
- (5) Does not have access to affordable employer-sponsored health care insurance or other affordable health care coverage for personal care assistance services as defined in section 208.900. For purposes of this section, "access to affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a monthly premium less than or equal to one hundred thirty-three percent of the monthly average premium required in the state's current Missouri consolidated health care plan.

Payments made by the department under the provisions of this section shall be made only after all other available sources of payment have been exhausted.

3. (1) In order to be eligible for financial assistance for consumer-directed personal care assistance services under this section, a person shall demonstrate financial need, which shall be based on the adjusted gross income and the assets of the person seeking financial assistance and such person's spouse.

(2) In order to demonstrate financial need, a person seeking financial assistance under this section and such person's spouse must have an adjusted gross income, less disability-related medical expenses, as approved by the department, that is equal to or less than three hundred percent of the federal poverty level. The adjusted gross income shall be based on the most recent income tax return.

(3) No person seeking financial assistance for personal care services under this section and such person's spouse shall have assets in excess of two hundred fifty thousand dollars.

4. The department shall require applicants and the applicant's spouse, and consumers and the consumer's spouse, to provide documentation for income, assets, and disability-related medical expenses for the purpose of determining financial need and eligibility for the program. In addition to the most recent income tax return, such documentation may include, but shall not be limited to:

(1) Current wage stubs for the applicant or consumer and the applicant's or consumer's spouse;

(2) A current W-2 form for the applicant or consumer and the applicant's or consumer's spouse;

(3) Statements from the applicant's or consumer's and the applicant's or consumer's spouse's employers;

(4) Wage matches with the division of employment security;

(5) Bank statements; and

(6) Evidence of disability-related medical expenses and proof of payment.

5. A personal care assistance services plan shall be developed by the department pursuant to section 208.906 for each person who is determined to be eligible and in financial need under the provisions of this section. The plan developed by the department shall include the maximum amount of financial assistance allowed by the department, subject to appropriation, for such services.

6. Each consumer who participates in the program is responsible for a monthly premium

equal to the average premium required for the Missouri consolidated health care plan; provided that the total premium described in this section shall not exceed five percent of the consumer's and the consumer's spouse's adjusted gross income for the year involved.

7. (1) Nonpayment of the premium required in subsection 6 shall result in the denial or termination of assistance, unless the person demonstrates good cause for such nonpayment.

(2) No person denied services for nonpayment of a premium shall receive services unless such person shows good cause for nonpayment and makes payments for past-due premiums as well as current premiums.

(3) Any person who is denied services for nonpayment of a premium and who does not make any payments for past-due premiums for sixty consecutive days shall have their enrollment in the program terminated.

(4) No person whose enrollment in the program is terminated for nonpayment of a premium when such nonpayment exceeds sixty consecutive days shall be reenrolled unless such person pays any past-due premiums as well as current premiums prior to being reenrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument.

8. (1) Consumers determined eligible for personal care assistance services under the provisions of this section shall be reevaluated annually to verify their continued eligibility and financial need. The amount of financial assistance for consumer-directed personal care assistance services received by the consumer shall be adjusted or eliminated based on the outcome of the reevaluation. Any adjustments made shall be recorded in the consumer's personal care assistance services plan.

(2) In performing the annual reevaluation of financial need, the department shall annually send a reverification eligibility form letter to the consumer requiring the consumer to respond within ten days of receiving the letter and to provide income and disability-related medical expense verification documentation. If the department does not receive the consumer's response and documentation within the ten-day period, the department shall send a letter notifying the consumer that he or she has ten days to file an appeal or the case will be closed.

(3) The department shall require the consumer and the consumer's spouse to provide documentation for income and disability-related medical expense verification for purposes of the eligibility review. Such documentation may include but shall not be limited to the documentation listed in subsection 4 of this section.

9. (1) Applicants for personal care assistance services and consumers receiving such services pursuant to this section are entitled to a hearing with the department of social services if eligibility for personal care assistance services is denied, if the type or amount of services is set at a level less than the consumer believes is necessary, if disputes arise after preparation of the personal care assistance plan concerning the provision of such services, or if services are discontinued as provided in section 208.924. Services provided under the provisions of this section shall continue during the appeal process.

(2) A request for such hearing shall be made to the department of social services in writing in the form prescribed by the department of social services within ninety days after the mailing or delivery of the written decision of the department of health and senior services. The procedures for such requests and for the hearings shall be as set forth in section 208.080.

10. Unless otherwise provided in this section, all other provisions of sections 208.900 through 208.927 shall apply to individuals who are eligible for financial assistance for personal care assistance services under this section.

11. The department may promulgate rules and regulations, including emergency rules, to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if

applicable, section 536.028. Any provisions of the existing rules regarding the personal care assistance program promulgated by the department of elementary and secondary education in title 5, code of state regulations, division 90, chapter 7, which are inconsistent with the provisions of this section are void and of no force and effect.

12. The provisions of this section shall expire on June 30, 2019.

If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 4 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, 2024.

(a) Any storage, treatment or disposal site authorized to operate pursuant to sections

(b) A collection station or vehicle which the department may arrange for and designate for this purpose.

4. Failure to pay the fee, or any portion thereof, prescribed in this section by the due date shall result in the imposition of a penalty equal to fifteen percent of the original fee. *The fee prescribed in this section shall expire December 31, 2018, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.*

The fee in this section expires 12-31-18:

If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 7 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.

4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.

5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency

planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

6. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

Subsections 4, 5, and 6 of this section expire 7-01-19:

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or

trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner

may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The provisions of subsections 4, 5, and 6 of this section shall expire July 1, 2019.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

12. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

These sections expire 9-30-18 (see section 338.550 below):

338.500. 1. In addition to all other fees and taxes required or paid, a tax is hereby

imposed upon licensed retail pharmacies for the privilege of providing outpatient prescription drugs in this state. The tax is imposed upon the Missouri gross retail prescription receipts earned from filling outpatient retail prescriptions.

2. For purposes of sections 338.500 to 338.550: (1) "Gross retail prescription receipts" shall mean all amounts received by a licensed pharmacy for its own account from the sale of outpatient prescription drugs in the state of Missouri but shall not include those sales shipped out of the state of Missouri and shall include the receipts from cost sharing, dispensing fees, and retail prescription drug sales; (2) "Licensed pharmacy" shall have the same meaning as such term is defined in section 338.210; (3) "Retail" means a sale for use or consumption and not for resale.

338.505. 1. Each licensed retail pharmacy's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

2. The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 338.500 to 338.550.

3. Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules pursuant to this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

338.510. 1. Each licensed retail pharmacy shall keep such records as may be necessary to determine gross retail prescription receipts.

2. The director of revenue may prescribe the form and contents of any forms or other documents required by this section.

3. Each licensed retail pharmacy shall report the gross retail prescription receipts to the department of revenue.

4. The department of revenue shall provide the department of social services with the information that is necessary to implement the provisions of sections 338.500 to 338.550.

5. The information obtained by the department of social services from the department of revenue shall be confidential and any employee of the department of social services who unlawfully discloses any such information for any other purpose, except as authorized by law, shall be subject to the penalties specified in section 32.057.

338.515. The tax imposed by sections 338.500 to 338.550 shall become effective July 1, 2003, or the effective date of sections 338.500 to 338.550, whichever is later.

338.520. 1. The determination of the amount of tax due shall be the monthly gross retail prescription receipts reported to the department of revenue multiplied by the tax rate established by rule by the department of social services. Such tax rate may be a graduated rate based on gross retail prescription receipts and shall not exceed a rate of six percent per annum of gross retail prescription receipts; provided, that such rate shall not exceed one-tenth of one percent per annum in the case of licensed pharmacies of which eighty percent or more of such gross receipts

are attributable to prescription drugs that are delivered directly to the patient via common carrier, by mail, or a courier service.

2. The department of social services shall notify each licensed retail pharmacy of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax rate quarterly on a prospective basis. The department of social services may adjust more frequently for individual providers if there is a substantial and statistically significant change in their pharmacy sales characteristics. The department of social services may define such adjustment criteria by rule.

338.530. The director of the department of social services may offset the tax owed by a pharmacy against any Missouri Medicaid payment due such pharmacy, if the pharmacy requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the pharmacy an amount substantially equal to the assessment due from the pharmacy. The office of administration and the state treasurer may make any fund transfers necessary to execute the offset.

338.535. 1. The pharmacy tax owed or, if an offset has been made, the balance after such offset, if any, shall be remitted by the pharmacy or the pharmacy's designee to the department of social services. The remittance shall be made payable to the director of the department of revenue and shall be deposited in the state treasury to the credit of the "Pharmacy Reimbursement Allowance Fund" which is hereby created to provide payments for services related to the Medicaid pharmacy program. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 338.530 or a payment to the pharmacy reimbursement allowance fund shall be accepted as payment of the obligation set forth in section 338.500.

3. The state treasurer shall maintain records showing the amount of money in the pharmacy reimbursement allowance fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the pharmacy reimbursement allowance fund at the end of the biennium shall not revert to the credit of the general revenue fund.

338.540. 1. The department of social services shall notify each pharmacy with a tax due of more than ninety days of the amount of such balance. If any pharmacy fails to pay its pharmacy tax within thirty days of such notice, the pharmacy tax shall be delinquent.

2. If any tax imposed pursuant to sections 338.500 to 338.550 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the pharmacy and compel the payment of such assessment in the circuit court having jurisdiction in the county where the pharmacy is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any pharmacy that fails to pay the tax imposed by section 338.500.

3. Failure to pay the tax imposed by section 338.500 shall be grounds for denial, suspension, or revocation of a license granted pursuant to this chapter. The department of social services may request the board of pharmacy to deny, suspend, or revoke the license of any pharmacy that fails to pay such tax.

338.550. 1. The pharmacy tax required by sections 338.500 to 338.550 shall expire ninety days after any one or more of the following conditions are met:

(1) The aggregate dispensing fee as appropriated by the general assembly paid to pharmacists per prescription is less than the fiscal year 2003 dispensing fees reimbursement amount; or

(2) The formula used to calculate the reimbursement as appropriated by the general assembly for products dispensed by pharmacies is changed resulting in lower reimbursement to the pharmacist in the aggregate than provided in fiscal year 2003; or

(3) September 30, 2018.

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection. The provisions of sections 338.500 to 338.550 shall not apply to pharmacies domiciled or headquartered outside this state which are engaged in prescription drug sales that are delivered directly to patients within this state via common carrier, mail or a carrier service.

2. Sections 338.500 to 338.550 shall expire on September 30, 2018.

These sections expire 8-28-19 (see 338.710 below):

338.700. As used in sections 338.700 to 338.710, the following terms shall mean:

(1) "Board", the Missouri board of pharmacy;

(2) "Department", the Missouri department of health and senior services;

(3) "Program", the RX cares for Missouri program.

338.710. 1. There is hereby created in the Missouri board of pharmacy the "RX Cares for Missouri Program". The goal of the program shall be to promote medication safety and to prevent prescription drug abuse, misuse, and diversion in Missouri.

2. The board, in consultation with the department, shall be authorized to expend, allocate, or award funds appropriated to the board to private or public entities to develop or provide programs or education to promote medication safety or to suppress or prevent prescription drug abuse, misuse, and diversion in the state of Missouri. In no case shall the authorization include, nor the funds be expended for, any state prescription drug monitoring program including, but not limited to, such as are defined in 38 CFR 1.515. Funds disbursed to a state agency under this section may enhance, but shall not supplant, funds otherwise appropriated to such state agency.

3. The board shall be the administrative agency responsible for implementing the program in consultation with the department. The board and the department may enter into interagency agreements between themselves to allow the department to assist in the management or operation of the program. The board may award funds directly to the department to implement, manage, develop, or provide programs or education pursuant to the program.

4. After a full year of program operation, the board shall prepare and submit an evaluation report to the governor and the general assembly describing the operation of the program and the funds allocated. ***Unless otherwise authorized by the general assembly, the program shall expire on August 28, 2019.***

The fees in this section expire 12-31-18:

444.772. 1. Any operator desiring to engage in surface mining shall make written application to the director for a permit.

2. Application for permit shall be made on a form prescribed by the commission and shall include:

(1) The name of all persons with any interest in the land to be mined;

(2) The source of the applicant's legal right to mine the land affected by the permit;

- (3) The permanent and temporary post office address of the applicant;
- (4) Whether the applicant or any person associated with the applicant holds or has held any other permits pursuant to sections 444.500 to 444.790, and an identification of such permits;
- (5) The written consent of the applicant and any other persons necessary to grant access to the commission or the director to the area of land affected under application from the date of application until the expiration of any permit granted under the application and thereafter for such time as is necessary to assure compliance with all provisions of sections 444.500 to 444.790 or any rule or regulation promulgated pursuant to them. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;
- (6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and
- (7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced

proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners whose property is:

(1) Within two thousand six hundred forty feet, or one-half mile from the border of the proposed mine plan area; and

(2) Adjacent to the proposed mine plan area, land upon which the mine plan area is located, or adjacent land having a legal relationship with either the applicant or the owner of the land upon which the mine plan area is located.

The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the director may consider in issuing a permit may request a public meeting or file written comments to the director no later than fifteen days following the final public notice publication date. If any person requests a public meeting, the applicant shall cooperate with the

director in making all necessary arrangements for the public meeting to be held in a reasonably convenient location and at a reasonable time for interested participants, and the applicant shall bear the expenses.

11. The director may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, 2018. No other provisions of this section shall expire.

Subsection 4 of this section expires 12-31-19:

488.426. 1. The judges of the circuit court, en banc, in any circuit in this state may require any party filing a civil case in the circuit court, at the time of filing the suit, to deposit with the clerk of the court a surcharge in addition to all other deposits required by law or court rule. Sections 488.426 to 488.432 shall not apply to proceedings when costs are waived or are to be paid by the county or state or any city.

2. The surcharge in effect on August 28, 2001, shall remain in effect until changed by the circuit court. The circuit court in any circuit, except the circuit court in Jackson County or the circuit court in any circuit that reimburses the state for the salaries of family court commissioners under and pursuant to section 487.020, may change the fee to any amount not to exceed fifteen dollars. The circuit court in Jackson County or the circuit court in any circuit that reimburses the state for the salaries of family court commissioners under and pursuant to section 487.020 may change the fee to any amount not to exceed twenty dollars. A change in the fee shall become effective and remain in effect until further changed.

3. Sections 488.426 to 488.432 shall not apply to proceedings when costs are waived or are paid by the county or state or any city.

4. In addition to any fee authorized by subsection 1 of this section, any county of the first classification with more than one hundred one thousand but fewer than one hundred fifteen thousand inhabitants may impose an additional fee of ten dollars excluding cases concerning adoption and those in small claims court. ***The provisions of this subsection shall expire on December 31, 2019.***

Subsections 1 and 2 of this section expire 8-28-19:

Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually

disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart 1;

(3) "Net operating revenues from providing services of intermediate care facilities for the intellectually disabled" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the intellectually disabled" has the same meaning as the term "services of intermediate care facilities for the mentally retarded", as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. 12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

Every hospital required to pay the federal reimbursement allowance shall also submit a statement that accurately reflects total Missouri Medicaid hospital days, total unreimbursed care as determined from the hospital's third prior year desk-reviewed cost report and all other information as may be necessary to implement sections 208.450 to 208.480. If the hospital does not have a third prior year desk-reviewed cost report, unreimbursed care shall be based on estimates determined by the department of social services as established by rule and regulation.

208.459. 1. The director of the department of social services shall make a determination as to the amount of federal reimbursement allowance due from the various hospitals.

2. The director of the department of social services shall notify each hospital of the annual amount of its federal reimbursement allowance. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services is authorized to offset the federal reimbursement allowance owed by a hospital against any Missouri Medicaid payment due that hospital, if the hospital requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the hospital an amount substantially equivalent to the assessment to be due from the hospital. The office of administration and state treasurer are authorized to make any fund transfers necessary to execute the offset.

208.461. 1. Each federal reimbursement allowance assessment shall be final, unless the hospital files a protest with the director of the department of social services setting forth the

grounds on which the protest is based, within thirty days from the date of notice by the department of social services to the hospital.

2. If a timely protest is filed, the director of the department of social services shall reconsider the assessment and, if the hospital has so requested, the director shall grant the hospital a hearing within ninety days after the protest is filed, unless extended by agreement between the hospital and the director. The director shall issue a final decision within sixty days of completion of the hearing. After reconsideration of the assessment and a final decision by the director of the department of social services, a hospital's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055, RSMo.

208.463. The director of the department of social services shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of sections 208.450 to 208.480.

208.465. 1. The federal reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the hospital to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Federal Reimbursement Allowance Fund", which is hereby created for the purpose of providing payments to hospitals. All investment earnings of the fund shall be credited to the fund.

2. An offset as authorized by section 208.459 or a payment to the federal reimbursement allowance fund shall be accepted as payment of the obligation of section 208.453.

3. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

4. The unexpended balance in the federal reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080, RSMo. The unexpended balance shall not revert to the general revenue fund, but shall accumulate from year to year.

208.467. 1. A federal reimbursement allowance period shall be from the first day of October until the thirtieth day of September of the following year. The department shall notify each hospital with a balance due on September thirtieth of each year the amount of such balance due. If any hospital fails to pay its federal reimbursement allowance within thirty days of such notice, the assessment shall be delinquent.

2. If any assessment imposed under the provisions of sections 208.453 to 208.480 for a previous assessment period is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the hospital and to compel the payment of such assessment in the circuit court having jurisdiction in the county where the hospital is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid provider agreement to any hospital which fails to pay the allowance required by section 208.453.

3. Failure to pay an assessment imposed under sections 208.450 to 208.480 shall be grounds for denial, suspension or revocation of a license granted under chapter 197, RSMo. The director of the department of social services may request that the director of the department of health and senior services deny, suspend or revoke the license of any hospital which fails to pay its assessment.

208.469. Nothing in sections 208.450 to 208.480 shall be deemed to affect or in any way limit the tax exempt or nonprofit status of any hospital granted by state law.

208.471. 1. The department of social services shall make payments to those hospitals which have a Medicaid provider agreement with the department. Prior to June 30, 2002, the payment shall be in an annual, aggregate statewide amount which is at least the same as that paid in fiscal year 1991-1992 pursuant to rules in effect on August 30, 1991, under the federally approved state plan amendments.

2. Beginning July 1, 2002, sections 208.453 to 208.480 shall expire one hundred eighty days after the end of any state fiscal year in which the aggregate federal reimbursement allowance (FRA) assessment on hospitals is more than eighty-five percent of the sum of aggregate direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments, unless during such one hundred eighty-day period, such payments or assessments are adjusted prospectively by the director of the department of social services to comply with the eighty-five percent test imposed by this subsection. Enhanced graduate medical education payments shall not be included in the calculation required by this subsection if the general assembly appropriates the state's share of such payments from a source other than the federal reimbursement allowance. For purposes of this section, direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments shall:

(1) Include direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments as defined in state regulations as of July 1, 2000;

(2) Include payments that substantially replace or supplant the payments described in subdivision (1) of this subsection;

(3) Include new payments that supplement the payments described in subdivision (1) of this subsection; and

(4) Exclude payments and assessments of acute care hospitals with an unsponsored care ratio of at least sixty-five percent that are licensed to operate less than fifty inpatient beds in which the state's share of such payments are made by certification.

3. The division of medical services may provide an alternative reimbursement for outpatient services. Other provisions of law to the contrary notwithstanding, the payment limits imposed by subdivision (2) of subsection 1 of section 208.152 shall not apply to such alternative reimbursement for outpatient services. Such alternative reimbursement may include enhanced payments or grants to hospital-sponsored clinics serving low income uninsured patients.

208.473. The requirements of sections 208.450 to 208.480 shall apply only as long as the revenues generated under section 208.453 are eligible for federal financial participation and payments are made pursuant to the provisions of section 208.471. For the purposes of this section, "federal financial participation" is the federal government's share of Missouri's expenditures under the Medicaid program.

208.475. The allowance imposed by sections 208.453 to 208.480 shall be effective upon promulgation of rules and regulations issued by the department of social services, but not later than October 1, 1992.

208.477. For each state fiscal year, if the criteria used to determine eligibility for Medicaid coverage under a Section 1115 waiver are more restrictive than those in place in state fiscal year 2003, the division of medical services shall:

(1) Reduce the federal reimbursement allowance assessment for that fiscal year. The reduction shall equal the amount of federal reimbursement allowance appropriated to fund the Section 1115 waiver in state fiscal year 2002 multiplied by the percentage decrease in Medicaid waiver enrollment as a result of using the more restrictive waiver eligibility standards; and

(2) Increase cost of the uninsured payments for that fiscal year. The increased payments

shall offset the higher uninsured costs resulting from the use of more restrictive Medicaid waiver eligibility criteria, as determined by the department of social services.

208.478. 1. For each state fiscal year beginning on or after July 1, 2003, the amount of appropriations made to fund Medicaid graduate medical education and enhanced graduate medical education payments pursuant to subsections (19) and (21) of 13 CSR 70-15.010 shall not be less than the amount paid for such purposes for state fiscal year 2002.

2. Sections 208.453 to 208.480 shall expire one hundred eighty days after the end of any state fiscal year in which the requirements of subsection 1 of this section were not met, unless during such one hundred eighty day period, payments are adjusted prospectively by the director of the department of social services to comply with the requirements of subsection 1 of this section.

208.479. No regulations implementing sections 208.450 to 208.475 may be filed with the secretary of state without first being provided to interested parties registered on a list of such parties to be maintained by the director of social services. Regulations must be provided to interested parties seventy-two hours prior to being filed with the secretary of state.

208.480. Notwithstanding the provisions of section 208.471 to the contrary, sections 208.453 to 208.480 shall expire on September 30, 2018.

This section expired 12-31-09 (see subsection 7). The fund continued for 60 months (12-31-14) or an additional 24 months (12-31-16):

142.031. 1. As used in this section the following terms shall mean:

(1) "Biodiesel", fuel as defined in ASTM Standard D-6751 or its subsequent standard specifications for biodiesel fuel (B100) blend stock for distillate fuels;

(2) "Missouri qualified biodiesel producer", a facility that produces biodiesel, is registered with the United States Environmental Protection Agency according to the

requirements of 40 CFR 79, and:

(a) a. Is at least fifty-one percent owned by agricultural producers who are residents of this state and who are actively engaged in agricultural production for commercial purposes; or
b. At least eighty percent of the feedstock used by the facility originates in the state of Missouri. For purposes of this section, "feedstock" means an agricultural, horticultural, viticultural, vegetable, aquacultural, livestock, forestry, or poultry product either in its natural or processed state; and

(b) Meets all of the following:

- a. Has registered with the department of agriculture by September 1, 2007;
- b. Has begun construction of the facility before November 1, 2007; and
- c. Has begun production of biodiesel before March 1, 2009.

2. The "Missouri Qualified Biodiesel Producer Incentive Fund" is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified biodiesel producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund provided that one hundred percent of the feedstock originates in the United States. However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available. A Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified biodiesel produced during the preceding month from feedstock, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from feedstock in the fiscal year plus ten cents per gallon for the next fifteen million gallons of qualified biodiesel produced from feedstock in the fiscal year. All such qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of thirty million gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section.

4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

- (1) The location of the Missouri qualified biodiesel producer;
- (2) The average number of citizens of Missouri employed by the Missouri qualified biodiesel producer in the preceding month, if applicable;
- (3) The number of bushel equivalents of Missouri feedstock and out-of-state feedstock used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding month;
- (4) The number of gallons of qualified biodiesel the producer manufactures during the month for which the grant is applied;
- (5) A copy of the qualified biodiesel producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

7. This section shall expire on December 31, 2009. However, Missouri qualified biodiesel producers receiving any grants awarded prior to December 31, 2009, shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during such sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In such case, such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.

8. Any Missouri qualified biodiesel producer who receives any grant payments under this section who subsequently sells the biodiesel facility shall be subject to the following payback requirements:

(1) If such facility is sold within less than one year of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of fifty percent of the total amount of grant payments received under this section;

(2) If such facility is sold within one to two years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of forty percent of the total amount of grant payments received under this section;

(3) If such facility is sold within two to three years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of thirty percent of the total amount of grant payments received under this section;

(4) If such facility is sold within three to four years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of twenty percent of the total amount of grant payments received under this section;

(5) If such facility is sold within four to five years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of ten percent of the total amount of grant payments received under this section.

If the sale date of the facility falls on a date that qualifies under more than one subdivision of this subsection, the greater payback amount shall apply. For purposes of this subsection, a facility shall be considered "sold" when there is a change in at least fifty-one percent of the facility's ownership in a transaction that involves a buyer or buyers and a seller or sellers.

(5) The deductions provided for herein are declared to be a part of the salary of the member and the making of such deductions shall constitute payments by the member out of his or her salary or earnings and such deductions shall be made notwithstanding that the minimum compensation provided by law for any member shall be reduced thereby. 4. Annually, the actuary for the retirement system shall calculate each employer's contribution as an amount equal to a certain percentage of the total compensation of all members employed by that employer. The percentage shall be fixed on the basis of the liabilities of the retirement system as shown by the annual actuarial valuation. The annual actuarial valuation shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted by the board of trustees, provided that the actuarial cost method adopted shall be in accordance

with generally accepted actuarial standards and that the unfunded actuarial accrued liability, if any, shall be amortized by level annual payments over a period not to exceed thirty years. ***The provisions of this subsection shall expire on December 31, 2017; thereafter subsection 5 of this section shall apply.***

(2) The costs of corrective action as provided in section 260.925.

3. The state treasurer is authorized to deposit all of the moneys in the dry-cleaning environmental response trust fund in any of the qualified depositories of the state. All such deposits shall be secured in such a manner and shall be made upon such terms and conditions as are now or may hereafter be provided by law relative to state deposits. Interest received on such

deposits shall be credited to the dry-cleaning environmental response trust fund.

4. Any funds received pursuant to sections 260.900 to 260.960 and deposited in the dry-cleaning environmental response trust fund shall not be considered a part of "total state revenue" as provided in sections 17 and 18 of article X of the Missouri Constitution.

260.925. 1. On and after July 1, 2002, moneys in the fund shall be utilized to address contamination resulting from releases of dry-cleaning solvents as provided in sections 260.900 to 260.960. Whenever a release poses a threat to human health or the environment, the department, consistent with rules and regulations adopted by the commission pursuant to subdivisions (2) and (3) of subsection 2 of section 260.905, shall expend moneys available in the fund to provide for:

(1) Investigation and assessment of a release from a dry-cleaning facility, including costs of investigations and assessments of contamination which may have moved off of the dry-cleaning facility;

(2) Necessary or appropriate emergency action, including but not limited to treatment, restoration or replacement of drinking water supplies, to assure that the human health or safety is not threatened by a release or potential release;

(3) Remediation of releases from dry-cleaning facilities, including contamination which may have moved off of the dry-cleaning facility, which remediation shall consist of the preparation of a corrective action plan and the cleanup of affected soil, groundwater and surface waters, using an alternative that is cost-effective, technologically feasible and reliable, provides adequate protection of human health and environment and to the extent practicable minimizes environmental damage;

(4) Operation and maintenance of corrective action;

(5) Monitoring of releases from dry-cleaning facilities including contamination which may have moved off of the dry-cleaning facility;

(6) Payment of reasonable costs incurred by the director in providing field and laboratory services;

(7) Reasonable costs of restoring property as nearly as practicable to the condition that existed prior to activities associated with the investigation of a release or cleanup or remediation activities;

(8) Removal and proper disposal of wastes generated by a release of a dry-cleaning solvent; and

(9) Payment of costs of corrective action conducted by the department or by entities other than the department but approved by the department, whether or not such corrective action is set out in a corrective action plan; except that, there shall be no reimbursement for corrective action costs incurred before August 28, 2000.

2. Nothing in subsection 1 of this section shall be construed to authorize the department to obligate moneys in the fund for payment of costs that are not integral to corrective action for a release of dry-cleaning solvents from a dry-cleaning facility. Moneys from the fund shall not be used:

(1) For corrective action at sites that are contaminated by solvents normally used in dry-cleaning operations where the contamination did not result from the operation of a dry-cleaning facility;

(2) For corrective action at sites, other than dry-cleaning facilities, that are contaminated by dry-cleaning solvents which were released while being transported to or from a dry-cleaning facility;

(3) To pay any fine or penalty brought against a dry-cleaning facility operator under state or federal law;

(4) To pay any costs related to corrective action at a dry-cleaning facility that has been

included by the United States Environmental Protection Agency on the national priorities list;

(5) For corrective action at sites with active dry-cleaning facilities where the owner or operator is not in compliance with sections 260.900 to 260.960, rules and regulations adopted pursuant to sections 260.900 to 260.960, orders of the director pursuant to sections 260.900 to 260.960, or any other applicable federal or state environmental statutes, rules or regulations; or

(6) For corrective action at sites with abandoned dry-cleaning facilities that have been taken out of operation prior to July 1, 2009, and not documented by or reported to the department by July 1, 2009. Any person reporting such a site to the department shall include any available evidence that the site once contained a dry-cleaning facility.

3. Nothing in sections 260.900 to 260.960 shall be construed to restrict the department from temporarily postponing completion of corrective action for which moneys from the fund are being expended whenever such postponement is deemed necessary in order to protect public health and the environment.

4. At any multisource site, the department shall utilize the moneys in the fund to pay for the proportionate share of the liability for corrective action costs which is attributable to a release from one or more dry-cleaning facilities and for that proportionate share of the liability only.

5. At any multisource site, the director is authorized to make a determination of the relative liability of the fund for costs of corrective action, expressed as a percentage of the total cost of corrective action at a site, whether known or unknown. The director shall issue an order establishing such percentage of liability. Such order shall be binding and shall control the obligation of the fund until or unless amended by the director. In the event of an appeal from such order, such percentage of liability shall be controlling for costs incurred during the pendency of the appeal.

6. Any authorized officer, employee or agent of the department, or any person under order or contract with the department, may enter onto any property or premises, at reasonable times and with reasonable advance notice to the operator, to take corrective action where the director determines that such action is necessary to protect the public health or environment. If consent is not granted by the operator regarding any request made by any officer, employee or agent of the department, or any person under order or contract with the department, under the provisions of this section, the director may issue an order directing compliance with the request. The order may be issued after such notice and opportunity for consultation as is reasonably appropriate under the circumstances.

7. Notwithstanding any other provision of sections 260.900 to 260.960, in the discretion of the director, an operator may be responsible for up to one hundred percent of the costs of corrective action attributable to such operator if the director finds, after notice and an opportunity for a hearing in accordance with chapter 536 that:

(1) Requiring the operator to bear such responsibility will not prejudice another owner, operator or person who is eligible, pursuant to the provisions of sections 260.900 to 260.960, to have corrective action costs paid by the fund; and

(2) The operator:

(a) Caused a release in excess of a reportable quantity by willful or wanton actions and such release was caused by operating practices in violation of existing laws and regulations at the time of the release; or

(b) Is in arrears for moneys owed pursuant to sections 260.900 to 260.960, after notice and an opportunity to correct the arrearage; or

(c) Materially obstructs the efforts of the department to carry out its obligations pursuant to sections 260.900 to 260.960; except that, the exercise of legal rights shall not constitute a substantial obstruction; or

(d) Caused or allowed a release in excess of a reportable quantity because of a willful

material violation of sections 260.900 to 260.960 or the rules and regulations adopted by the commission pursuant to sections 260.900 to 260.960.

8. For purposes of subsection 7 of this section, unless a transfer is made to take advantage of the provisions of subsection 7 of this section, purchasers of stock or other indicia of ownership and other successors in interest shall not be considered to be the same owner or operator as the seller or transferor of such stock or indicia of ownership even though there may be no change in the legal identity of the owner or operator. To the extent that an owner or operator is responsible for corrective action costs pursuant to subsection 7 of this section, such owner or operator shall not be entitled to the exemption provided in subsection 5 of section 260.930.

9. The fund shall not be liable for the payment of costs in excess of one million dollars at any one contaminated dry-cleaning site. Additionally, the fund shall not be liable for the payment of costs for any one site in excess of twenty-five percent of the total moneys in the fund during any fiscal year.

For purposes of this subsection, "contaminated dry-cleaning site" means the areal extent of soil or ground water contaminated with dry-cleaning solvents.

10. The owner or operator of an active dry-cleaning facility shall be liable for the first twenty-five thousand dollars of corrective action costs incurred because of a release from an active dry-cleaning facility. The owner of an abandoned dry-cleaning facility shall be liable for the first twenty-five thousand dollars of corrective action costs incurred because of a release from an abandoned dry-cleaning facility. Nothing in this subsection shall be construed to prohibit the department from taking corrective action because the department cannot obtain the deductible.

260.930. 1. Neither the state of Missouri, the fund, the commission, the director nor the department or agent or employees thereof shall be liable for loss of business, damages or taking of property associated with any corrective action taken pursuant to sections 260.900 to 260.960.

2. Nothing in sections 260.900 to 260.960 shall establish or create any liability or responsibility on the part of the commission, the director, the department or the state of Missouri, or agents or employees thereof, to pay any corrective action costs from any source other than the fund or to take corrective action if the moneys in the fund are insufficient to do so.

3. Nothing in sections 260.900 to 260.960 shall be construed to abrogate or limit any right, remedy, causes of action, or claim by any person sustaining personal injury or property damage as a result of any release from a dry-cleaning facility, nor shall anything in sections 260.900 to 260.960 be construed to abrogate or limit any liability of any person in any way responsible for any release from a dry-cleaning facility or any damages for personal injury or property damages caused by such a release.

4. Moneys in the fund shall not be used for compensating third parties for bodily injury or property damage caused by a release from a dry-cleaning facility, other than property damage included in the corrective action plan approved by the director.

5. To the extent that an operator, owner or other person is eligible pursuant to the provisions of sections 260.900 to 260.960 to have corrective action costs paid by the fund, no administrative or judicial claim may be made under state law against any such operator, owner or other person by or on behalf of a state or local government or by any person to either compel corrective action at the dry-cleaning facility site or seek recovery of the costs of corrective action at the dry-cleaning facility which result from the release of dry-cleaning solvents from that dry-cleaning facility or to compel corrective action or seek recovery of the costs of corrective action which result from the release of dry-cleaning solvents from a dry-cleaning facility. The provisions of this subsection shall apply to any dry-cleaning facility or dry-cleaning facility site

which has been included in a corrective action plan approved by the director. The director shall only approve a corrective action plan after making a determination that a sufficient balance in the fund exists to implement the plan. No administrative or judicial claim may be made unless the director has rejected the corrective action plan submitted pursuant to section 260.925.

260.935. 1. Every active dry-cleaning facility shall pay, in addition to any other environmental response surcharges, an annual dry-cleaning facility registration surcharge as follows:

(1) Five hundred dollars for facilities which use no more than one hundred forty gallons of chlorinated solvents;

(2) One thousand dollars for facilities which use more than one hundred forty gallons of chlorinated solvents and less than three hundred sixty gallons of chlorinated solvents per year; and

(3) Fifteen hundred dollars for facilities which use at least three hundred sixty gallons of chlorinated solvents per year.

2. The active dry-cleaning facility registration surcharge imposed by this section shall be reported and paid to the department on an annual basis.

The commission shall prescribe by administrative rule the procedure for the report and payment required by this section.

3. The department shall provide each person who pays a dry-cleaning facility registration surcharge pursuant to this section with a receipt. The receipt or the copy of the receipt shall be produced for inspection at the request of any authorized representative of the department.

4. All moneys collected or received by the department pursuant to this section shall be transmitted to the department of revenue for deposit in the state treasury to the credit of the dry-cleaning environmental response trust fund created in section 260.920. Following each annual reporting date, the state treasurer shall certify the amount deposited in the fund to the department.

5. If any person does not pay the active dry-cleaning facility registration surcharge or any portion of the active dry-cleaning facility registration surcharge imposed by this section by the date prescribed for such payment, the department shall impose and such person shall pay, in addition to the active dry-cleaning facility registration surcharge owed by such person, a penalty of fifteen percent of the active dry-cleaning facility registration surcharge. Such penalty shall be deposited in the dry-cleaning environmental response trust fund.

6. If any person does not pay the active dry-cleaning facility registration surcharge or any portion of the active dry-cleaning facility registration surcharge imposed by this section by the date prescribed for such payment, the department shall also impose interest upon the unpaid amount at the rate of ten percent per annum from the date prescribed for the payment of such surcharge and penalties until payment is actually made. Such interest shall be deposited in the dry-cleaning environmental response trust fund.

260.940. 1. Every seller or provider of dry-cleaning solvent for use in this state shall pay, in addition to any other environmental response surcharges, a dry-cleaning solvent surcharge on the sale or provision of dry-cleaning solvent.

2. The amount of the dry-cleaning solvent surcharge imposed by this section on each gallon of dry-cleaning solvent shall be an amount equal to the product of the solvent factor for the dry-cleaning solvent and the rate of eight dollars per gallon.

3. The solvent factor for each dry-cleaning solvent is as follows:

(1) For perchloroethylene, the solvent factor is 1.00;

(2) For 1,1,1-trichloroethane, the solvent factor is 1.00; and

(3) For other chlorinated dry-cleaning solvents, the solvent factor is 1.00.

4. In the case of a fraction of a gallon, the dry-cleaning solvent surcharge imposed by this section shall be the same fraction of the fee imposed on a whole gallon.

5. The dry-cleaning solvent surcharge required in this section shall be paid to the department by the seller or provider of the dry-cleaning solvent, regardless of the location of such seller or provider.

6. The dry-cleaning solvent surcharge required in this section shall be paid by the seller or provider on a quarterly basis and shall be paid to the department for the previous quarter. The commission shall prescribe by administrative rule the procedure for the payment required by this section.

7. The department shall provide each person who pays a dry-cleaning solvent surcharge pursuant to this section with a receipt. The receipt or the copy of the receipt shall be produced for inspection at the request of any authorized representative of the department.

8. All moneys collected or received by the department pursuant to this section shall be transmitted to the department of revenue for deposit in the state treasury to the credit of the dry-cleaning environmental response trust fund created in section 260.920. Following each annual or quarterly reporting date, the state treasurer shall certify the amount deposited to the department.

9. If any seller or provider of dry-cleaning solvent fails or refuses to pay the dry-cleaning solvent surcharge imposed by this section, the department shall impose and such seller or provider shall pay, in addition to the dry-cleaning solvent surcharge owed by the seller or provider, a penalty of fifteen percent of the dry-cleaning solvent surcharge. Such penalty shall be deposited in the dry-cleaning environmental response trust fund.

10. If any person does not pay the dry-cleaning solvent surcharge or any portion of the dry-cleaning solvent surcharge imposed by this section by the date prescribed for such payment, the department shall impose and such person shall pay interest upon the unpaid amount at the rate of ten percent per annum from the date prescribed for the payment of such surcharge and penalties until payment is actually made. Such interest shall be deposited in the dry-cleaning environmental response trust fund.

11. An operator of a dry-cleaning facility shall not purchase or obtain solvent from a seller or provider who does not pay the dry-cleaning solvent charge, as provided in this section. Any operator of a dry-cleaning facility who fails to obey the provisions of this section shall be required to pay the dry-cleaning solvent surcharge as provided in subsections 2, 3 and 4 of this section for any dry-cleaning solvent purchased or obtained from a seller or provider who fails to pay the proper dry-cleaning solvent surcharge as determined by the department. Any operator of a dry-cleaning facility who fails to follow the provisions of this subsection shall also be charged a penalty of fifteen percent of the dry-cleaning solvent surcharge owed. Any operator of a dry-cleaning facility who fails to obey the provisions of this subsection shall also be subject to the interest provisions of subsection 10 of this section. If a seller or provider of dry-cleaning solvent charges the operator of a dry-cleaning facility the dry-cleaning solvent surcharge provided for in this section when the solvent is purchased or obtained by the operator and the operator can prove that the operator made full payment of the surcharge to the seller or provider but the seller or provider fails to pay the surcharge to the department as required by this section, then the operator shall not be liable pursuant to this subsection for interest, penalties or the seller's or provider's unpaid surcharge. Such surcharges, penalties and interest shall be collected by the department, and all moneys collected pursuant to this subsection shall be deposited in the dry-cleaning environmental response trust fund.

260.945. 1. If the unobligated principal of the fund equals or exceeds five million dollars on April first of any year, the active dry-cleaning facility registration surcharge imposed by section

260.935 and the dry-cleaning solvent surcharge imposed by section 260.940 shall not be collected on or after the next July first until such time as on April first of any year thereafter the unobligated principal balance of the fund equals two million dollars or less, then the active dry-cleaning facility registration surcharge imposed by section 260.935 and the dry-cleaning solvent surcharge imposed by section 260.940 shall again be collected on and after the next July first.

2. Not later than April fifth of each year, the state treasurer shall notify the department of the amount of the unobligated balance of the fund on April first of such year. Upon receipt of the notice, the department shall notify the public if the active dry-cleaning facility registration surcharge imposed by section 260.935 and the dry-cleaning solvent surcharge imposed by section 260.940 will terminate or be payable on the following July first.

3. Moneys in the fund shall not be expended pursuant to sections 260.900 to 260.960 prior to July 1, 2002.

260.950. 1. All final orders and determinations of the commission or the department made pursuant to the provisions of sections 260.900 to 260.960 are subject to judicial review pursuant to the provisions of chapter 536. All final orders and determinations shall be deemed administrative decisions as that term is defined in chapter 536; provided that, no judicial review shall be available, unless all administrative remedies are exhausted.

2. In any suit filed pursuant to section 536.050 concerning the validity of the commission's or department's standards, rules or regulations, the court shall review the record made before the commission or department to determine the validity and such reasonableness of such standards, rules or regulations and may hear such additional evidence as it deems necessary.

260.955. The department shall annually transmit a report to the general assembly and the governor regarding:

(1) Receipts of the fund during the preceding calendar year and the sources of the receipts;

(2) Disbursements from the fund during the preceding calendar year and the purposes of the disbursements;

(3) The extent of corrective action taken pursuant to sections 260.900 to 260.960 during the preceding calendar year; and

(4) The prioritization of sites for expenditures from the fund.

260.960. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act shall be invalid and void.

260.965. The provisions of sections 260.900 to 260.965 shall expire August 28, 2017.

Sections 303.400 to 303.412 expired 06-30-07 (see Section 303.415 below):

303.400. The provisions of sections 303.400 to 303.415 shall be known as the "Motorist Insurance Identification Database Act".

303.403. As used in sections 303.400 to 303.415, the following terms mean:

(1) "Database", the motorist insurance identification database;

- (2) "Department", the department of revenue;
- (3) "Designated agent", the party with which the department contracts to implement the motorist insurance identification database;
- (4) "Program", the motorist insurance identification database program.

303.406. 1. The "Motorist Insurance Identification Database" is hereby created for the purpose of establishing a database to use to verify compliance with the motor vehicle financial responsibility requirements of this chapter. The program shall be administered by the department and shall receive funding from the "Motorist Insurance Identification Database Fund", which is hereby created in the state treasury. Effective July 1, 2002, the state treasurer shall credit to and deposit in the motorist insurance identification database fund six percent of the net general revenue portion received from collections of the insurance premiums tax levied and collected pursuant to sections 148.310 to 148.461.

2. To implement the program, the department may by July 1, 2002, contract with a designated agent which shall monitor compliance with the motor vehicle financial responsibility requirements of this chapter, except that the program shall not be implemented to notify owners of registered motor vehicles until the department certifies that the accuracy rate of the program exceeds ninety-five percent in correctly identifying owners of registered motor vehicles as having maintained or failed to maintain financial responsibility. After the department has entered into a contract with a designated agent, the department shall convene a working group for the purpose of facilitating the implementation of the program.

3. The designated agent, using its own computer network, shall, no later than December 31, 2002, develop, deliver and maintain a computer database with information provided by:

(1) Insurers, pursuant to sections 303.400 to 303.415; except that, any person who qualifies as self-insured pursuant to this chapter, or provides proof of insurance to the director pursuant to the provisions of section 303.160, shall not be required to provide information to the designated agent, but the state shall supply these records to the designated agent for inclusion in the database; and

(2) The department, which shall provide the designated agent with the name, date of birth and address of all persons in its computer database, and the make, year and vehicle identification number of all registered motor vehicles.

4. The department shall establish guidelines for the designated agent's development of the computer database so the database can be easily accessed by state and local law enforcement agencies within procedures already established, and shall not require additional computer keystrokes or other additional procedures by dispatch or law enforcement personnel. Once the database is operational, the designated agent shall, at least monthly, update the database with information provided by insurers and the department, and compare then-current motor vehicle registrations against the database.

5. Information provided to the designated agent by insurers and the department for inclusion in the database established pursuant to this section is the property of the insurer or the department, as the case may be, and is not subject to disclosure pursuant to chapter 610. Such information may not be disclosed except as follows:

(1) The designated agent shall verify a person's insurance coverage upon request by any state or local government agency investigating, litigating or enforcing such person's compliance with the motor vehicle financial responsibility requirements of this chapter;

(2) The department shall disclose whether an individual is maintaining the required insurance coverage upon request of the following individuals and agencies only:

(a) The individual;

(b) The parent or legal guardian of an individual if the individual is an unemancipated

minor;

- (c) The legal guardian of the individual if the individual is legally incapacitated;
- (d) Any person who has power of attorney from the individual;
- (e) Any person who submits a notarized release from the individual that is dated no more than ninety days before the request is made;
- (f) Any person claiming loss or injury in a motor vehicle accident in which the individual is involved;
- (g) The office of the state auditor, for the purpose of conducting any audit authorized by law.

6. Any person or agency who knowingly discloses information from the database for any purpose, or to a person, other than those authorized in this section is guilty of a class A misdemeanor. The state shall not be liable to any person for gathering, managing or using information in the database pursuant to this section. The designated agent shall not be liable to any person for performing its duties pursuant to this section unless and to the extent such agent commits a willful and wanton act or omission or is negligent. The designated agent shall be liable to any insurer damaged by the designated agent's negligent failure to protect the confidentiality of the information and data disclosed by the insurer to the designated agent. The designated agent shall provide to this state an errors and omissions insurance policy covering such agent in an appropriate amount. No insurer shall be liable to any person for performing its duties pursuant to this section unless and to the extent the insurer commits a willful and wanton act of omission.

7. The department shall review the operation and performance of the motorist insurance identification database program to determine whether the number of uninsured motorists has declined during the first three years following implementation and shall submit a report of its findings to the general assembly no later than January fifteenth of the year following the third complete year of implementation. The department shall make copies of its report available to each member of the general assembly.

8. This section shall not supersede other actions or penalties that may be taken or imposed for violation of the motor vehicle financial responsibility requirements of this chapter.

9. The working group as provided for in subsection 2 of this section shall consist of representatives from the insurance industry, department of insurance, financial institutions and professional registration, department of public safety and the department of revenue. The director of revenue, after consultation with the working group, shall promulgate any rules and regulations necessary to administer and enforce this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536.

303.409. 1. If the motorist insurance identification database indicates the owner of a registered motor vehicle has, regardless of the owner's operation of such motor vehicle, failed to maintain the financial responsibility required in section 303.025 for two consecutive months, the designated agent shall on behalf of the director inform the owner that the director will suspend the owner's vehicle registration if the owner does not present proof of insurance as prescribed by the director within thirty days from the date of mailing. The designated agent shall not select owners of fleet or rental vehicles or vehicles that are insured pursuant to a commercial line policy for notification to determine motor vehicle liability coverage. The director may prescribe rules and regulations necessary for the implementation of this subsection. The notice issued to the vehicle owner by the designated agent shall be sent to the last known address shown on the department's records. The notice is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the

effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing and the date by which that request for a hearing must be made. The suspension shall become effective thirty days after the subject person is deemed to have received the notice of suspension by first class mail as provided in section 303.041. If the request for a hearing is received prior to the effective date of the suspension, the effective date of the suspension will be stayed until a final order is issued following the hearing; however, any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension during the period of delay.

2. Neither the fact that, subsequent to the date of verification, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle shall have any bearing upon the director's decision to suspend. The suspension shall remain in force until termination despite the renewal of registration or acquisition of a new registration for the motor vehicle. The suspension shall also apply to any motor vehicle to which the owner transfers the registration.

3. Upon receipt of notification from the designated agent, the director shall suspend the owner's vehicle registration effective immediately. The suspension period shall be as follows:

(1) If the person's record shows no prior violation, the director shall terminate the suspension upon payment of a reinstatement fee of twenty dollars and submission of proof of insurance, as prescribed by the director;

(2) If the person's record shows one prior violation for failure to maintain financial responsibility within the immediately preceding two years, the director shall terminate the suspension ninety days after its effective date upon payment of a reinstatement fee of two hundred dollars and submission of proof of insurance, as prescribed by the director;

(3) If the person's record shows two or more prior violations for failure to maintain financial responsibility, the period of suspension shall terminate one year after its effective date upon payment of a reinstatement fee of four hundred dollars and submission of proof of insurance, as prescribed by the director.

4. In the event that proof of insurance as prescribed by the director has not been filed with the department of revenue in accordance with this chapter prior to the end of the period of suspension provided in this section, such period of suspension shall be extended until such proof of insurance has been filed. In no event shall filing proof of insurance reduce any period of suspension. If proof of insurance is not maintained during the three-year period following the reinstatement or termination of the suspension, the director shall again suspend the license and motor vehicle registration until proof of insurance is filed or the three-year period has elapsed. In no event shall filing proof of insurance reduce any period of suspension.

5. Notwithstanding the provisions of subsection 1 of this section, the director shall not suspend the registration or registrations of any owner who establishes to the satisfaction of the director that the owner's motor vehicle was inoperable or being stored and not operated on the date proof of financial responsibility is required by the director.

303.412. 1. Beginning March 1, 2003, before the seventh working date of each calendar month, all licensed insurance companies in this state shall provide to the designated agent a record of all policies in effect on the last day of the preceding month. This subsection shall not prohibit more frequent reporting.

2. The record pursuant to subsection 1 of this section shall include the following:

- (1) The name, date of birth, driver's license number and address of each insured;
- (2) The make, year and vehicle identification number of each insured motor vehicle;
- (3) The policy number and effective date of the policy.

3. The department of revenue shall notify the department of insurance, financial institutions and professional registration of any insurer who violates any provisions of this act. The department of insurance, financial institutions and professional registration may, against any insurer who fails to comply with this section, assess a fine not greater than one thousand dollars per day of noncompliance. The department of revenue may assess a fine not greater than one thousand dollars per day against the designated agent for failure to complete the project by the dates designated in sections 303.400 to 303.415 unless the delay is deemed beyond the control of the designated agent or the designated agent provides acceptable proof that such a noncompliance was inadvertent, accidental or the result of excusable neglect. The department of insurance, financial institutions and professional registration shall excuse the fine against any insurer if an assessed insurer provides acceptable proof that such insurer's noncompliance was inadvertent, accidental or the result of excusable neglect.

303.415. 1. *Sections 303.400 and 303.403 shall become effective on July 1, 2002, and shall expire on June 30, 2007.*

2. *The enactment of section 303.025, and the repeal and reenactment of sections 303.406, 303.409, 303.412 and 303.415 shall become effective July 1, 2002 and sections 303.406, 303.409 and 303.412 shall expire on June 30, 2007.*

The authority to issue new tax credits under this section expired 8-28-10 (7 yr. carry forward of credit allowed under subsection 2 until 8-28-17):

320.093. 1. Any person, firm or corporation who purchases a dry fire hydrant, as defined in section 320.273, or provides an acceptable means of water storage for such dry fire hydrant including a pond, tank or other storage facility with the primary purpose of fire protection within the state of Missouri, shall be eligible for a credit on income taxes otherwise due pursuant to chapter 143, RSMo, except sections 143.191 to 143.261, RSMo, as an incentive to implement safe and efficient fire protection controls. The tax credit, not to exceed five thousand dollars, shall be equal to fifty percent of the cost in actual expenditure for any new water storage construction, equipment, development and installation of the dry hydrant, including pipes, valves, hydrants and labor for each such installation of a dry hydrant or new water storage facility. The amount of the tax credit claimed for in-kind contributions shall not exceed twenty-five percent of the total amount of the contribution for which the tax credit is claimed.

2. *Any amount of credit which exceeds the tax due shall not be refunded but may be carried over to any subsequent taxable year, not to exceed seven years.* The person, firm or corporation may elect to assign to a third party the approved tax credit. The certificate of assignment and other appropriate forms shall be filed with the Missouri department of revenue and the department of economic development.

3. The person, firm or corporation shall make application for the credit to the department of economic development after receiving approval of the state fire marshal. The state fire marshal or designated local representative shall review and authorize the construction and installation of any dry fire hydrant site. Only approved dry fire hydrant sites shall be eligible for tax credits as indicated in this section. Under no circumstance shall such authority deny any entity the ability to provide a dry fire hydrant site when tax credits are not requested.

4. The department of public safety shall certify to the department of revenue that the dry hydrant system meets the requirements to obtain a tax credit as specified in subsection 5 of this section.

5. In order to qualify for a tax credit under this section, a dry hydrant or new water

6. ***New credits shall not be awarded under this section after August 28, 2010.*** The total amount of all tax credits allowed pursuant to this section is five hundred thousand dollars in any one fiscal year as approved by the director of the department of economic development.

7. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

3. The state board of registration for the healing arts may promulgate rules to implement the provisions of this section, except that such authority shall not apply to rulemaking authority to define or regulate the scope of practice of certified registered nurse anesthetists. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held

Such authority does not extend to authorizing the pool to implement, establish, create, administer, or otherwise operate a state-based exchange.

376.962. 1. The board of directors on behalf of the pool shall submit to the director a plan of operation for the pool and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the pool. 3. On or before September 1, 2013, the board shall submit the amendments to the plan of operation as are necessary or suitable to ensure a reasonable transition period to allow for the termination of issuance of policies by the pool.

Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial and underwriting practices;

(5) Assess members of the pool in accordance with the provisions of this section, and to make advance interim assessments as may be reasonable and necessary for the organizational and interim operating expenses. Any such interim assessments are to be credited as offsets against any regular assessments due following the close of the fiscal year;

(6) Prior to January 1, 2014, issue policies of insurance in accordance with the requirements of sections 376.960 to 376.989. In no event shall new policies of insurance be issued on or after January 1, 2014;

(9) Negotiate rates of reimbursement with health care providers on behalf of the association and its members;

(10) Administer separate accounts to separate federally defined eligible individuals and trade act eligible individuals who qualify for plan coverage from the other eligible individuals entitled to pool coverage and apportion the costs of administration among such separate accounts.

376.965. No member of the board of directors of the Missouri health insurance pool shall be civilly liable, either jointly or separately, as a result of any act, omission or decision in performance of his duties as specifically required by sections 376.960 to 376.989. Such immunity shall not attach for any intentional or reckless act affecting the property or rights of any person.

376.966. 1. No employee shall involuntarily lose his or her group coverage by decision of his or her employer on the grounds that such employee may subsequently enroll in the pool. The department shall have authority to promulgate rules and regulations to enforce this subsection.

Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the effective date of this act.

3. The following individual persons shall not be eligible for coverage under the pool:

(1) Persons who have, on the date of issue of coverage by the pool, or obtain coverage under health insurance or an insurance arrangement substantially similar to or more comprehensive than a plan policy, or would be eligible to have coverage if the person elected to obtain it, except that:

(a) This exclusion shall not apply to a person who has such coverage but whose premiums have increased to one hundred fifty percent to two hundred percent of rates established by the board as applicable for individual standard risks;

(b) A person may maintain other coverage for the period of time the person is satisfying any preexisting condition waiting period under a pool policy; and

(c) A person may maintain plan coverage for the period of time the person is satisfying a preexisting condition waiting period under another health insurance policy intended to replace the pool policy;

(7) Any person who is eligible for Medicare coverage.

4. Any person who ceases to meet the eligibility requirements of this section may be terminated at the end of such person's policy period.

5. If an insurer issues one or more of the following or takes any other action based wholly or partially on medical underwriting considerations which is likely to render any person eligible for pool coverage, the insurer shall notify all persons affected of the existence of the pool, as well as the eligibility requirements and methods of applying for pool coverage:

(1) A notice of rejection or cancellation of coverage;

(2) A notice of reduction or limitation of coverage, including restrictive riders, if the effect of the reduction or limitation is to substantially reduce coverage compared to the coverage available to a person considered a standard risk for the type of coverage provided by the plan.

6. Coverage under the pool shall expire on January 1, 2014.

376.968. The board shall select an insurer, insurers, or third-party administrators through a competitive bidding process to administer the pool. The board shall evaluate bids submitted based on criteria established by the board which shall include:

(1) The insurer's proven ability to handle individual accident and health insurance;

(2) The efficiency of the insurer's claim-paying procedures;

3. On or before September 1, 2013, the board shall invite all insurers and third-party administrators, including the current administering insurer, to submit bids to serve as the administering insurer or third-party administrator for the pool. Health insurance premiums and benefits paid by an insurance arrangement that are less than an amount determined by the board to justify the cost of collection shall not be considered for purposes of determining assessments. The total cost of pool operation shall be the amount by which all program expenses, including pool expenses of

administration, incurred losses for the year, and other appropriate losses exceeds all program revenues, including net premiums, investment income, and other appropriate gains.

2. Each insurer's assessment shall be determined by multiplying the total cost of pool operation by a fraction, the numerator of which equals that insurer's premium and subscriber contract charges for health insurance written in the state during the preceding calendar year and the denominator of which equals the total of all premiums, subscriber contract charges written in the state and one hundred ten percent of all claims paid by insurance arrangements in the state during the preceding calendar year; provided, however, that the assessment for each health maintenance organization shall be determined through the application of an equitable formula based upon the value of services provided in the preceding calendar year.

3. Each insurance arrangement's assessment shall be determined by multiplying the total cost of pool operation calculated under subsection 1 of this section by a fraction, the numerator of which equals one hundred ten percent of the benefits paid by that insurance arrangement on behalf of insureds in this state during the preceding calendar year and the denominator of which equals the total of all premiums, subscriber contract charges and one hundred ten percent of all benefits paid by insurance arrangements made on behalf of insureds in this state during the preceding calendar year. Insurance arrangements shall report to the board claims payments made in this state on an annual basis on a form prescribed by the director.

4. If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" include reserves for incurred but not paid claims.

5. Assessments shall continue until such a time as the executive director of the pool provides notice to the board and director that all claims have been paid.

6. Any assessment funds remaining at the time the executive director provides notice that all claims have been paid shall be deposited in the state general revenue fund.

376.975. Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with it. Any deficit incurred by the pool shall be recouped by assessments apportioned as provided in subsections 1, 2, and 3 of section 376.973 by the board among members. The amount of assessments incurred by each member of the pool shall be allowed as an offset against certain taxes, and shall be subject to certain limitations, as follows: Each pool member subject to chapter 148 may deduct from premium taxes payable for any calendar year to the state any and all assessments paid for the same year pursuant to sections 376.960 to 376.989. All assessments, for a fiscal year, shall not exceed the net premium tax due and payable by such member in the previous year. If the assessment exceeds any premium tax due or payable in such year, the excess shall be a credit or offset carried forward against any premium tax due or payable in succeeding years until the excess is exhausted.

376.978. The director of revenue shall determine the difference between the amount of money the state treasurer, pursuant to sections 148.350 and 148.380, is required to credit to the county foreign insurance tax fund under the provisions of sections 376.960 to 376.989 and the amount of money the state treasurer, pursuant to sections 148.350 and 148.380, would be required to credit to the county foreign insurance tax fund if sections 376.960 to 376.989 were not law. If the director determines that sections 376.960 to 376.989 reduce the amount of money that will be credited to the county foreign insurance tax fund, then the director shall inform the state treasurer of such amount and, notwithstanding sections 148.350 and 148.380, the state treasurer shall reimburse the county foreign insurance tax fund in an amount equal to such difference by reducing by the same amount the portion that would otherwise be credited to the

general revenue fund.

376.980. Each pool member exempt from chapter 148 shall be allowed to offset against any sales or use tax on purchases due, paid, or payable in the calendar year in which such assessments are made. Further, such assessment, for any fiscal year, shall not exceed one percent of nongroup premium income, exclusive of Medicare supplement programs, received in the previous year. If the assessment exceeds the part of any sales tax or use tax due or payable in such year, the excess shall be a credit or offset carried forward against the part of any sales tax or use tax due or payable in succeeding years until the excess is exhausted. The director of revenue, in consultation with the board, shall promulgate and enforce reasonable rules and regulations and prescribe forms for the administration and enforcement of this law.

376.982. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

376.984. The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. In the event an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessment set forth in subsections 1, 2, and 3 of section 376.973. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency for four years.

376.986. 1. The pool shall offer major medical expense coverage to every person eligible for coverage under section 376.966. The coverage to be issued by the pool and its schedule of benefits, exclusions and other limitations, shall be established by the board with the advice and recommendations of the pool members, and such plan of pool coverage shall be submitted to the director for approval. The pool shall also offer coverage for drugs and supplies requiring a medical prescription and coverage for patient education services, to be provided at the direction of a physician, encompassing the provision of information, therapy, programs, or other services on an inpatient or outpatient basis, designed to restrict, control, or otherwise cause remission of the covered condition, illness or defect.

2. In establishing the pool coverage the board shall take into consideration the levels of health insurance provided in this state and medical economic factors as may be deemed appropriate, and shall promulgate benefit levels, deductibles, coinsurance factors, exclusions and limitations determined to be generally reflective of and commensurate with health insurance provided through a representative number of insurers in this state.

3. The pool shall establish premium rates for pool coverage as provided in subsection 4 of this section. Separate schedules of premium rates based on age, sex and geographical location may apply for individual risks. Premium rates and schedules shall be submitted to the director for approval prior to use.

4. The pool, with the assistance of the director, shall determine the standard risk rate by considering the premium rates charged by other insurers offering health insurance coverage to individuals. The standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage. Initial rates for pool coverage shall not be less than one hundred twenty-five percent of rates established as applicable for individual standard risks. Subject to the limits provided in this subsection, subsequent rates shall be established to provide fully for the expected costs of claims including recovery of prior

losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations described herein. In no event shall pool rates exceed the following:

(1) For federally defined eligible individuals and trade act eligible individuals, rates shall be equal to the percent of rates applicable to individual standard risks actuarially determined to be sufficient to recover the sum of the cost of benefits paid under the pool for federally defined and trade act eligible individuals plus the proportion of the pool's administrative expense applicable to federally defined and trade act eligible individuals enrolled for pool coverage, provided that such rates shall not exceed one hundred fifty percent of rates applicable to individual standard risks; and

(2) For all other individuals covered under the pool, one hundred fifty percent of rates applicable to individual standard risks.

5. Pool coverage established pursuant to this section shall provide an appropriate high and low deductible to be selected by the pool applicant. The deductibles and coinsurance factors may be adjusted annually in accordance with the medical component of the consumer price index.

6. Pool coverage shall exclude charges or expenses incurred during the first twelve months following the effective date of coverage as to any condition for which medical advice, care or treatment was recommended or received as to such condition during the six-month period immediately preceding the effective date of coverage. Such preexisting condition exclusions shall be waived to the extent to which similar exclusions, if any, have been satisfied under any prior health insurance coverage which was involuntarily terminated, if application for pool coverage is made not later than sixty-three days following such involuntary termination and, in such case, coverage in the pool shall be effective from the date on which such prior coverage was terminated.

7. No preexisting condition exclusion shall be applied to the following:

(1) A federally defined eligible individual who has not experienced a significant gap in coverage; or

(2) A trade act eligible individual who maintained creditable health insurance coverage for an aggregate period of three months prior to loss of employment and who has not experienced a significant gap in coverage since that time.

8. Benefits otherwise payable under pool coverage shall be reduced by all amounts paid or payable through any other health insurance, or insurance arrangement, and by all hospital and medical expense benefits paid or payable under any workers' compensation coverage, automobile medical payment or liability insurance whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any state or federal law or program except Medicaid. The insurer or the pool shall have a cause of action against an eligible person for the recovery of the amount of benefits paid which are not for covered expenses. Benefits due from the pool may be reduced or refused as a setoff against any amount recoverable under this subsection.

9. Medical expenses shall include expenses for comparable benefits for those who rely solely on spiritual means through prayer for healing.

376.987. 1. The board shall offer to all eligible persons for pool coverage under section 376.966 the option of receiving health insurance coverage through a high-deductible health plan and the establishment of a health savings account. In order for a qualified individual to obtain a high-deductible health plan through the pool, such individual shall present evidence, in a manner prescribed by regulation, to the board that he or she has established a health savings account in compliance with 26 U.S.C. Section 223, and any amendments and regulations promulgated thereto.

2. As used in this section, the term "health savings account" shall have the same meaning ascribed to it as in 26 U.S.C. Section 223(d), as amended. The term "high-deductible health plan" shall mean a policy or contract of health insurance or health care plan that meets the criteria established in 26 U.S.C. Section 223(c)(2), as amended, and any regulations promulgated thereunder.

3. The board is authorized to promulgate rules and regulations for the administration and implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

376.989. Neither the participation in the pool as members, the establishment of rates, forms or procedures, nor any other joint or collective action required or permitted by the provisions of sections 376.960 to 376.989 shall be the basis of any legal action, criminal or civil liability or penalty against the pool, the pool administrator, the board or any of its members, or pool employees, contractors, or consultants, or any of its members.

This section expired 12-31-13:

376.1192. 1. As used in this section, "health benefit plan" and "health carrier" shall have the same meaning as such terms are defined in section 376.1350.

2. Beginning September 1, 2013, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if state mandates were enacted to provide health benefit plan coverage for the following:

(1) Orally administered anticancer medication that is used to kill or slow the growth of cancerous cells charged at the same co-payment, deductible, or coinsurance amount as intravenously administered or injected cancer medication that is provided, regardless of formulation or benefit category determination by the health carrier administering the health benefit plan;

(2) Diagnosis and treatment of eating disorders that include anorexia nervosa, bulimia, binge eating, eating disorders nonspecified, and any other severe eating disorders contained in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association. The actuarial analysis shall assume the following are included in health benefit plan coverage:

(a) Residential treatment for eating disorders, if such treatment is medically necessary in accordance with the Practice Guidelines for the Treatment of Patients with Eating Disorders, as most recently published by the American Psychiatric Association; and

(b) Access to medical treatment that provides coverage for integrated care and treatment as recommended by medical and mental health care professionals, including but not limited to psychological services, nutrition counseling, physical therapy, dietician services, medical monitoring, and psychiatric monitoring.

3. By December 31, 2013, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker of the house of representatives, the president pro tempore of the senate, and the chairpersons of the house of representatives committee on health insurance and the senate small business, insurance and industry committee, or the committees having jurisdiction over health

insurance issues if the preceding committees no longer exist.

4. For the purposes of this section, the actuarial analysis of health benefit plan coverage shall assume that such coverage:

(1) Shall not be subject to any greater deductible or co-payment than other health care services provided by the health benefit plan; and

(2) Shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months' or less duration, or any other supplemental policy.

5. The cost for each actuarial analysis shall not exceed thirty thousand dollars and the oversight division of the joint committee on legislative research may utilize any actuary contracted to perform services for the Missouri consolidated health care plan to perform the analysis required under this section.

6. The provisions of this section shall expire on December 31, 2013.

2. It shall be an unfair business practice in violation of section 407.020 for a for-profit entity or natural person to collect donations of unwanted household items via a public receptacle and resell the donated items where some or all of the proceeds from the sale are directly given to a not-for-profit entity unless the donation receptacle prominently displays a statement in bold letters at least two inches high and two inches wide stating: "DONATIONS TO THE FOR-PROFIT COMPANY: (name of the company) ARE SOLD FOR PROFIT AND (% of proceeds donated to the not-for-profit) % OF ALL PROCEEDS ARE DONATED TO (name of the nonprofit beneficiary organization's name)."

3. It shall be an unfair business practice in violation of section 407.020 for a for-profit entity or natural person to collect donations of unwanted household items via a public receptacle and resell the donated items, where such for-profit entity is paid a flat fee, not contingent upon the proceeds generated by the sale of the collected goods, and one hundred percent of the proceeds from the sale of the items are given directly to the not-for-profit, unless the donation receptacle prominently displays a statement in bold letters at least two inches high and two inches wide stating: "THIS DONATION RECEPTACLE IS OPERATED BY THE FOR-PROFIT ENTITY: (name of the for-profit/individual) ON BEHALF OF (name of the nonprofit beneficiary organization's name)."

Any charges incurred in such removal shall be the responsibility of the owner of the receptacle. Unless the receptacle owner pays such charges within thirty calendar days of the sending of a written certified letter from the property owner stating his or her intent to remove the receptacle, the receptacle owner shall relinquish any right to the receptacle. In no event shall the amount of tax credits issued by the department under this section exceed ten million dollars in any fiscal year.

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section. This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916 or chapter 147, 148, or 153;

(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal

years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253 of the Missouri sunset act:

(1) ***The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007,*** unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.

This section has sunset 12-31-17:

- (b) Construction of such facility; and
- (c) General maintenance of such facility during the time period in which such facility receives any tax credit under this section.

If no qualified Missouri contractor is located within seventy-five miles of the property, the requirement that fifty-one percent of the costs shall be paid to qualified Missouri contractors shall not apply.

2. For all tax years beginning on or after January 1, 2015, but before January 1, 2018, any eligible applicant who installs and operates a qualified property shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or due under chapter 147 or chapter 148 for any tax year in which the applicant is constructing the qualified property. The credit allowed in this section per eligible applicant who is a private citizen shall not exceed fifteen hundred dollars or per eligible applicant that is a business entity shall not exceed the lesser of twenty thousand dollars or twenty percent of the total costs directly associated with the purchase and installation of any alternative fuel storage and dispensing equipment or any recharging equipment on any qualified property, which shall not include the following:

The cumulative amount of tax credits which may be claimed by eligible applicants claiming all credits authorized in this section shall not exceed one million dollars in any calendar year, subject to appropriations.

4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. Any qualified property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel or recharge electric vehicles shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the qualified property ceased to sell alternative fuel or recharge electric vehicles and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel or recharging of electric vehicles ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. No eligible applicant claiming a tax credit under this section shall be liable for any interest or penalty for filing a tax return after the date fixed for filing such return as a result of the apportionment procedure under

this subsection.

7. Any eligible applicant desiring to claim a tax credit under this section shall submit the appropriate application for such credit with the department. The application for a tax credit under this section shall include any information required by the department. The department shall review the applications and certify to the department of revenue each eligible applicant that qualifies for the tax credit.

8. The department and the department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

9. The provisions of section 23.253 of the Missouri sunset act notwithstanding:

(1) ***The provisions of the new program authorized under this section shall automatically sunset three years after December 31, 2014, unless reauthorized by an act of the general assembly; and***

(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(a) In the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to this section did not exceed the maximum upper limit; or

(b) In the case of joint ownership by unmarried persons or ownership by tenancy in common by two or more unmarried persons, such owners shall be considered an eligible owner if each person with an ownership interest individually satisfies the eligibility requirements for an individual eligible owner under this section and the combined income of all individuals with an interest in the property is equal to or less than the maximum upper limit in the year prior to completing an application under this section. If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(c) In the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions (7) and (8) of this subsection; No individual shall be an eligible owner if the individual has not paid their property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person

filed a valid claim for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035;

(5) "Homestead", as such term is defined pursuant to section 135.010, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, except where an eligible owner of the property has made such improvements to accommodate a disabled person;

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 10 of this section. For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005, and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For applications filed between December 31, 2008, and December 31, 2011, the homestead exemption limit shall be based on the increase in tax liability from the base year to the year prior to the application year. For applications filed on or after January 1, 2012, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For purposes of this subdivision, the term "base year" means the year prior to the first year in which the eligible owner's application was approved, or 2006, whichever is later;

(7) "Income", federal adjusted gross income, and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;

(8) "Maximum upper limit", in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue.

The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value. The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon request for an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;

- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks for inclusion on the form;

- (3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and

- (4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value; and

- (5) The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

8. If application is made in 2005, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

9. If application is made after 2005, upon receipt of the applications, the department shall

calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

11. For applications made in 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

12. After setting the homestead exemption limit for applications made in 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation and assessment fund allocation to the county collector's funds of each county or the treasurer ex officio collector's fund in counties with a township form of government where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector or the treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or the treasurer ex officio collector's fund or may be sent by mail to the collector of a county, or the treasurer ex officio collector in counties with a township form of

government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys, pursuant to subsection 12 of this section, shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex

officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.

17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

9. There is hereby created in the state treasury the "Rebuild Missouri Schools Fund", which shall consist of money appropriated or collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. This section has sunset 8-28-17:

208.053. 1. The provisions of this section shall be known as the "Low-Wage Trap Elimination Act". In order to more effectively transition persons receiving state-funded child care subsidy benefits under this chapter, the children's division, in conjunction with the department of revenue, shall, subject to appropriations, by January 1, 2013, implement a pilot program in at least one rural county and in at least one urban child care center that serves at least three hundred families, to be called the "Hand-Up Program", to allow willing recipients who wish to participate in the program to continue to receive such child care subsidy benefits while sharing in the cost of such benefits through the payment of a premium, as follows:

(1) For purposes of this section, "full child care benefits" shall be the full benefits awarded to a recipient based on the income eligibility amount established by the division through the annual appropriations process as of August 28, 2012, to qualify for the benefits and shall not include the transitional child care benefits that are awarded to recipients whose income surpasses the eligibility level for full benefits to continue. The hand-up program shall be voluntary and shall be designed such that a participating recipient will not be faced with a sudden loss of child care benefits should the recipient's income rise above the maximum allowable monthly income for persons to receive full child care benefits as of August 28, 2012. In such instance, the recipient shall be permitted to continue to receive such benefits if the recipient pays a premium, to be paid via a payroll deduction if possible, to be applied only to that portion of the recipient's income above such maximum allowable monthly income for the receipt of full child care benefits as follows:

(a) The premium shall be forty-four percent of the recipient's excess adjusted gross income over the maximum allowable monthly income for the applicable family size for the receipt of child care benefits;

(b) The premium shall be paid on a monthly basis by the participating recipient, or may be paid on a different periodic basis if through a payroll deduction consistent with the payroll period of the person's employer;

(c) The division shall develop a payroll deduction program in conjunction with the department of revenue, and shall promulgate rules for the payment of premiums, through such payroll deduction program or through an alternate method to be determined by the division, owed under the hand-up program; and

(d) Participating recipients who fail to pay the premium owed shall be removed permanently from the program after sixty days of nonpayment;

(2) Subject to the receipt of federal waivers if necessary, participating recipients shall be eligible to receive child care service benefits at income levels all the way up to the level at which a person's premium equals the value of the child care service benefits received by the recipient;

(3) Only those recipients who currently receive full child care benefits as of joining the program and who had been receiving full child care service benefits for a period of at least four months prior to implementation by the division of this program shall be eligible to participate in the program. Only those recipients who agree to the terms of the hand-up program during a ninety-day sign-up period shall be allowed to participate in the program, pursuant to rules to be promulgated by the division; and

(4) A participating recipient shall be allowed to opt out of the program at any time, but such person shall not be allowed to participate in the program a second time.

2. The division shall track the number of participants in the hand-up program, premiums and taxes paid by each participant in the program and the aggregate of such premiums and taxes, as well as the aggregate of those taxes paid on income exceeding the maximum allowable income for receiving full child care benefits outside the hand-up program, and shall issue an annual report to the general assembly by January 1, 2014, and annually on January first thereafter, detailing the effectiveness of the pilot program in encouraging recipients to increase their income levels above the income maximum applicable to each recipient. The report shall also detail the costs of administration and the increased amount of state income tax paid and premiums paid as a result of the program, as well as an analysis of whether the pilot program could be expanded to include other types of benefits including but not limited to food stamps, temporary assistance for needy families, low-income heating assistance, women, infants and children supplemental nutrition program, the state children's health insurance program, and MO HealthNet benefits.

3. The division shall pursue all necessary waivers from the federal government to implement the hand-up program with the goal of allowing participating recipients to receive child care service benefits at income levels all the way up to the level at which a person's premium equals the value of the child care service benefits received by the recipient. If the division is unable to obtain such waivers, the division shall implement the program to the degree possible without such waivers.

4. (1) There is hereby created in the state treasury the "Hand-Up Program Premium Fund" which shall consist of premiums collected under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(2) All premiums received under the program shall be deposited in the fund, out of which the cost of administering the hand-up program shall be paid, as well as the necessary payments to the federal government and to the state general revenue fund. Child care benefits provided under the hand-up program shall continue to be paid for as under the existing state child care assistance program.

5. After the first year of the program, or sooner if feasible, the cost of administering the

program shall be paid out of the premiums received. Any premiums collected exceeding the cost of administering the program shall, if required by federal law, be shared with the federal government and the state general revenue fund in the same proportion that the federal government shares in the cost of funding the child care assistance program with the state.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated under this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

7. Pursuant to section 23.253 of the Missouri sunset act:

(1) ***The provisions of the new program authorized under this section shall sunset automatically three years after August 28, 2014, unless reauthorized by an act of the general assembly;*** and

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically six years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

This section has sunset 8-28-13:

208.178. 1. On or after July 1, 1995, the department of social services may make available for purchase a policy of health insurance coverage through the Medicaid program. Premiums for such a policy shall be charged based upon actuarially sound principles to pay the full cost of insuring persons under the provisions of this section. The full cost shall include both administrative costs and payments for services. Coverage under a policy or policies made available for purchase by the department of social services shall include coverage of all or some of the services listed in section 208.152 as determined by the director of the department of social services. Such a policy may be sold to a person who is otherwise uninsured and who is:

(1) A surviving spouse eligible for coverage under sections 376.891 to 376.894, who is determined under rules and regulations of the department of social services to be unable to afford continuation of coverage under that section;

(2) An adult over twenty-one years of age who is not pregnant and who resides in a household with an income which does not exceed one hundred eighty-five percent of the federal poverty level for the applicable family size. Net taxable income shall be used to determine that portion of income of a self-employed person; or

(3) A dependent of an insured person who resides in a household with an income which does not exceed one hundred eighty-five percent of the federal poverty level for the applicable family size.

2. Any policy of health insurance sold pursuant to the provisions of this section shall conform to requirements governing group health insurance under chapters 375, 376, and 379.

3. The department of social services shall establish policies governing the issuance of health insurance policies pursuant to the provisions of this section by rules and regulations developed in consultation with the department of insurance, financial institutions and professional registration.

4. Under section 23.253 of the Missouri sunset act:

(1) ***The provisions of the program authorized under this section shall automatically sunset one year after August 28, 2012, unless reauthorized by an act of the general assembly;*** and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset one year after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

This section will sunset 8-28-24:

(1) "Cask", all the components and systems associated with the container in which spent fuel, high-level radioactive waste, highway route controlled quantity, or transuranic radioactive waste are stored;

(2) "High-level radioactive waste", the highly radioactive material resulting from the reprocessing of spent nuclear fuel including liquid waste produced directly in reprocessing and any solid material derived from such liquid waste that contains fission products in sufficient concentrations, and other highly radioactive material that the United States Nuclear Regulatory Commission has determined to be high-level radioactive waste requiring permanent isolation;

(3) "Highway route controlled quantity", as defined in 49 CFR Part 173.403, as amended, a quantity of radioactive material within a single package. Highway route controlled quantity shipments of thirty miles or less within the state are exempt from the provisions of this section;

(c) Any waste that the United States Nuclear Regulatory Commission has approved for disposal on a case-by-case basis in accordance with 10 CFR Part 61, as amended.

2. Any shipper that ships high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state shall be subject to the fees established in this subsection, provided that no state-funded institution of higher education that ships nuclear waste shall pay any such fee. These higher education institutions shall reimburse the Missouri state highway patrol directly for

all costs related to shipment escorts. The fees for all other shipments shall be:

(1) One thousand eight hundred dollars for each truck transporting through or within the state high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel or highway route controlled quantity shipments. (5) Emergency responses to any transportation incident involving the high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste;

(6) Oversight of any environmental remediation necessary resulting from an incident involving a shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste. Reimbursement for oversight of any such incident shall not reduce or eliminate the liability of any party responsible for the incident; such party may be liable for full reimbursement to the state or payment of any other costs associated with the cleanup of contamination related to a transportation incident;

(7) Administrative costs attributable to the state agencies which are incurred through their involvement as it relates to the shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state.

5. Any unencumbered balance in the environmental radiation monitoring fund that exceeds three hundred thousand dollars in any given fiscal year shall be returned to shippers on a pro rata basis, based on the shipper's contribution into the environmental radiation monitoring fund for that fiscal year.

6. The department of natural resources, in coordination with the department of health and senior services and the department of public safety, may promulgate rules necessary to carry out

the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

The qualified company shall remit the amount of the new or retained jobs credit to the department of revenue in the manner prescribed in sections 143.191 to 143.265. When all training program costs have been paid, the new or retained jobs credits shall cease;

All funds appropriated by the general assembly from the funds established under subsections 1 and 2 of this section and disbursed by the department for the training project and other amounts received by the district for training project costs as required by the agreement shall be deposited in the special fund. Amounts held in the special fund shall be used and disbursed by the district only to pay training project costs for such training project. works community college new jobs training fund or the Missouri works community college job retention training fund, to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed the total amount authorized under law as of January 1, 2013, unless an increased amount is authorized in writing by a majority of members of the committee. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a rate of interest that is higher, lower, or equivalent to that of the certificates being renewed or refunded.

10. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

Any taxpayer who is awarded benefits under this subsection and who files for bankruptcy under Chapter 7 of the United States Bankruptcy Code, Title 11 U.S.C., shall immediately notify the department and shall forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained;

620.2010. 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

(3) The qualified company creates two or more new jobs at a project facility located within a zone designated under sections 135.950 to 135.963, the average wage of the new payroll equals or exceeds eighty percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars in new capital investment at the project facility within two years of approval.

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the following factors:

- (1) The significance of the qualified company's need for program benefits;
- (2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;
- (3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;
- (4) The financial stability and creditworthiness of the qualified company;
- (5) The level of economic distress in the area;
- (6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and
- (7) The percent of local incentives committed.

3. Upon approval of a notice of intent to receive tax credits under subsections 2 and 5 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

- (1) The committed number of new jobs, new payroll, and new capital investment for each year during the project period;
- (2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;
- (3) Clawback provisions, as may be required by the department; and
- (4) Any other provisions the department may require.

4. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

- (1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or
- (2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

5. In addition to the benefits available under subsection 4 of this section, the department may award a qualified company that satisfies the provisions of subsection 4 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the

projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

620.2015. 1. In exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this section if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this section. In no event shall the total amount of benefits available to all qualified companies under this section exceed six million dollars in any fiscal year.

2. A qualified company meeting the requirements of this section may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this section, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

3. In order to be eligible to receive benefits under this section, the qualified company shall meet each of the following conditions:

(1) The qualified company shall agree to retain, for a period of ten years from the date of approval of the notice of intent, at least fifty retained jobs; and

(2) The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount equal to one-half the total benefits, available under this section, which are offered to the qualified company by the department.

4. In awarding benefits under this section, the department shall consider the factors set forth in subsection 2 of section 620.2010.

5. Upon approval of a notice of intent to request benefits under this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

(2) Clawback provisions, as may be required by the department; and

(3) Any other provisions the department may require.

620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating

the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage.

Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments

levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) *The provisions of the new program authorized under sections 620.2000 to 620.2020 shall automatically sunset six years after August 28, 2013, unless reauthorized by an act of the general assembly;* and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.

This section will sunset 12-31-24:

650.120. 1. There is hereby created in the state treasury the "Cyber Crime Investigation Fund". The treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. The department of public safety shall be the administrator of the fund. Moneys in the fund shall be used solely for the administration of the grant program established under this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. The department of public safety shall create a program to distribute grants to multijurisdictional internet cyber crime law enforcement task forces, multijurisdictional enforcement groups, as defined in section 195.503, that are investigating internet sex crimes against children, and other law enforcement agencies. The program shall be funded by the cyber crime investigation fund created under subsection 1 of this section. Not more than three percent of the money in the fund may be used by the department to pay the administrative costs of the grant program. The grants shall be awarded and used to pay the salaries of detectives and computer forensic personnel whose focus is investigating internet sex crimes against children, including but not limited to enticement of a child, possession or promotion of child pornography, provide funding for the training of law enforcement personnel and prosecuting and circuit

attorneys as well as their assistant prosecuting and circuit attorneys, and purchase necessary equipment, supplies, and services. The funding for such training may be used to cover the travel expenses of those persons participating.

3. A panel is hereby established in the department of public safety to award grants under this program and shall be comprised of the following members:

- (1) The director of the department of public safety, or his or her designee;
- (2) Two members appointed by the director of the department of public safety from a list of six nominees submitted by the Missouri Police Chiefs Association;
- (3) Two members appointed by the director of the department of public safety from a list of six nominees submitted by the Missouri Sheriffs' Association;

The panel members who are appointed under subdivisions (2), (3), and (4) of this subsection shall serve a four-year term ending four years from the date of expiration of the term for which his or her predecessor was appointed. However, a person appointed to fill a vacancy prior to the expiration of such a term shall be appointed for the remainder of the term. Such members shall hold office for the term of his or her appointment and until a successor is appointed. The members of the panel shall receive no additional compensation but shall be eligible for reimbursement for mileage directly related to the performance of panel duties.

4. Local matching amounts, which may include new or existing funds or in-kind resources including but not limited to equipment or personnel, are required for multijurisdictional internet cyber crime law enforcement task forces and other law enforcement agencies to receive grants awarded by the panel. Such amounts shall be determined by the state appropriations process or by the panel.

5. When awarding grants, priority should be given to newly hired detectives and computer forensic personnel.

6. The panel shall establish minimum training standards for detectives and computer forensic personnel participating in the grant program established in subsection 2 of this section.

7. Multijurisdictional internet cyber crime law enforcement task forces and other law enforcement agencies participating in the grant program established in subsection 2 of this section shall share information and cooperate with the highway patrol and with existing internet crimes against children task force programs.

8. The panel may make recommendations to the general assembly regarding the need for additional resources or appropriations.

9. The power of arrest of any peace officer who is duly authorized as a member of a multijurisdictional internet cyber crime law enforcement task force shall only be exercised during the time such peace officer is an active member of such task force and only within the scope of the investigation on which the task force is working. Notwithstanding other provisions of law to the contrary, such task force officer shall have the power of arrest, as limited in this subsection, anywhere in the state and shall provide prior notification to the chief of police of a municipality or the sheriff of the county in which the arrest is to take place. If exigent circumstances exist, such arrest may be made and notification shall be made to the chief of police or sheriff as appropriate and as soon as practical. The chief of police or sheriff may elect to work with the multijurisdictional internet cyber crime law enforcement task force at his or her option when such task force is operating within the jurisdiction of such chief of police or sheriff.

10. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall be reauthorized on August 28, 2014, and ***shall expire on December 31, 2024***, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

The one-time transfer authorized in subsection 6 was for the 2014-15 school year only:

165.011. 1. The following funds are created for the accounting of all school moneys: "Teachers' Fund", "Incidental Fund", "Capital Projects Fund" and "Debt Service Fund". All tuition fees, state moneys received under section 163.031, and all other moneys received from the state except as herein provided shall be placed to the credit of the teachers' and incidental funds at the discretion of the district board of education, except as provided in subsection 5 of section 163.031. Money received from other districts for transportation and money derived from taxation for incidental expenses shall be credited to the incidental fund. All money derived from taxation or received from any other source for the erection of buildings or additions thereto and the remodeling or reconstruction of buildings and the furnishing thereof, for the payment of lease-purchase obligations, for the purchase of real estate, or from sale of real estate, schoolhouses or other buildings of any kind, or school furniture, from insurance, from sale of bonds other than refunding bonds shall be placed to the credit of the capital projects fund. Receipts from delinquent taxes shall be allocated to the several funds on the same basis as receipts from current taxes, except that where the previous years' obligations of the district would be affected by such distribution, the delinquent taxes shall be distributed according to the tax levies made for the years in which the obligations were incurred. All refunds received shall be placed to the credit of the fund from which the original expenditures were made. Money donated to the school districts shall be placed to the credit of the fund where it can be expended to meet the purpose for which it was donated and accepted. Money received from any other source whatsoever shall be placed to the credit of the fund or funds designated by the board.

2. The school board may transfer any portion of the unrestricted balance remaining in the incidental fund to the teachers' fund. Any district that uses an incidental fund transfer to pay for more than twenty-five percent of the annual certificated compensation obligation of the district

and has an incidental fund balance on June thirtieth in any year in excess of fifty percent of the combined incidental teachers' fund expenditures for the fiscal year just ended shall be required to transfer the excess from the incidental fund to the teachers' fund. If a balance remains in the debt service fund, after the total outstanding indebtedness for which the fund was levied is paid, the board may transfer the unexpended balance to the capital projects fund. If a balance remains in the bond proceeds after completion of the project for which the bonds were issued, the balance shall be transferred from the incidental or capital projects fund to the debt service fund. After making all placements of interest otherwise provided by law, a school district may transfer from the capital projects fund to the incidental fund the interest earned from undesignated balances in the capital projects fund. A school district may borrow from one of the following funds: teachers' fund, incidental fund, or capital projects fund, as necessary to meet obligations in another of those funds; provided that the full amount is repaid to the lending fund within the same fiscal year.

3. Tuition shall be paid from either the teachers' or incidental funds. Employee benefits for certificated staff shall be paid from the teachers' fund.

4. Other provisions of law to the contrary notwithstanding, the school board of a school district that meets the provisions of subsection 5 of section 163.031 may transfer from the incidental fund to the capital projects fund the sum of:

(1) The amount to be expended for transportation equipment that is considered an allowable cost under state board of education rules for transportation reimbursements during the current year; plus

(2) Any amount necessary to satisfy obligations of the capital projects fund for state-approved area vocational-technical schools; plus

(3) Current year obligations for lease-purchase obligations entered into prior to January 1, 1997; plus

(4) The amount necessary to repay costs of one or more guaranteed energy savings performance contracts to renovate buildings in the school district, provided that the contract is only for energy conservation measures as defined in section 640.651 and provided that the contract specifies that no payment or total of payments shall be required from the school district until at least an equal total amount of energy and energy-related operating savings and payments from the vendor pursuant to the contract have been realized by the school district; plus

(5) An amount not to exceed the greater of:

(a) One hundred sixty-two thousand three hundred twenty-six dollars; or

(b) Seven percent of the state adequacy target multiplied by the district's weighted average daily attendance,

provided that transfer amounts in excess of current year obligations of the capital projects fund authorized under this subdivision may be transferred only by a resolution of the school board approved by a majority of the board members in office when the resolution is voted on and identifying the specific capital projects to be funded directly by the district by the transferred funds and an estimated expenditure date.

5. Beginning in the 2006-07 school year, a district meeting the provisions of subsection 5 of section 163.031 and not making the transfer under subdivision (5) of subsection 4 of this section, nor making payments or expenditures related to obligations made under section 177.088 may transfer from the incidental fund to the debt service fund or the capital projects fund the greater of:

(1) The state aid received in the 2005-06 school year as a result of no more than eighteen cents of the sum of the debt service and capital projects levy used in the foundation formula and placed in the respective debt service or capital projects fund, whichever fund had the designated

tax levy; or

(2) Five percent of the state adequacy target multiplied by the district's weighted average daily attendance.

6. *A district with territory in a county of the first classification with more than one hundred fifteen thousand but fewer than one hundred fifty thousand inhabitants that maintains the district office in a home rule city with more than thirteen thousand five hundred but fewer than fifteen thousand inhabitants shall be permitted a one-time transfer during school year 2014-15 of unrestricted funds from the incidental fund to the capital projects fund in an amount that leaves the incidental fund at a balance no lower than twenty percent for the purpose of constructing capital projects to improve student safety.*

7. Beginning in the 2006-07 school year, the department of elementary and secondary education shall deduct from a school district's state aid calculated pursuant to section 163.031 an amount equal to the amount of any transfer of funds from the incidental fund to the capital projects fund or debt service fund performed during the previous year in violation of this section; except that the state aid shall be deducted over no more than five school years following the school year of an unlawful transfer based on a plan from the district approved by the commissioner of elementary and secondary education.

8. A school district may transfer unrestricted funds from the capital projects fund to the incidental fund in any year to avoid becoming financially stressed as defined in subsection 1 of section 161.520. If on June thirtieth of any fiscal year the sum of unrestricted balances in a school district's incidental fund and teacher's fund is less than twenty percent of the sum of the school district's expenditures from those funds for the fiscal year ending on that June thirtieth, the school district may, during the next succeeding fiscal year, transfer to its incidental fund an amount up to and including the amount of the unrestricted balance in its capital projects fund on that June thirtieth. For purposes of this subsection, in addition to any other restrictions that may apply to funds in the school district's capital projects fund, any funds that are derived from the proceeds of one or more general obligation bond issues shall be considered restricted funds and shall not be transferred to the school district's incidental fund.
